ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, I, Robert Pope, of San Jose, California, hereby assign and transfer to Task Enterprise, LLC, a California limited liability company ("Task"), having a place of business at 2821 La Jolla Avenue, San Jose, California 95124, its successors and assigns, my entire right, title and interest throughout the world in the United States patent no. 5,628,601 ("Patent"), issued to me on May 13, 1997, entitled

OIL PAN BOLT WITH RETAINING MEANS

which was granted on the United State patent application no. 583,885 filed by me on January 11, 1996 ("Patent Application"). I also assign to Task my entire right, title and interest throughout the world in the Patent Application and any inventions described in the Patent and the Patent Application. I also assign to Task all patent applications and patents of every country for said inventions, including divisions, reissues, continuations, continuations-in-part, and extensions thereof, and all rights of priority resulting from the filing of said applications. I authorize Task to apply for patents of foreign countries for said inventions, and to claim all rights of priority without further authorization from me. I agree to execute all papers useful in connection with said United States and foreign patents and patent applications, including the Patent and the Patent Application, and generally to do everything possible to aid Task, its successors, assigns and nominees, at their request and expense, in obtaining and enforcing patents for said inventions in all countries. And I request the United States Commissioner of Patents and Trademarks to issue all United States patents granted for said inventions to Task, its successors and assigns.

Executed this 24. day of JUNE..... 1999
