ASSIGNMENT

WHEREAS, as a below named inventor, I, Alan COXON, am the joint inventor together with Norman Charles HADLEY and John PATTISON (deceased) of the invention entitled: ANGLE STATION

for which I have executed an application for a Patent of the United States and which:

- is the national phase of PCT International Application PCT/GB97/01284 filed on 13th May 1997

And WHEREAS, Continental Conveyor Ltd whose registered office address is Thornes Works, Thornes Moor Road, Wakefield, WF2 8PT, United Kingdom, ASSIGNEE,

is desirous of obtaining the entire right, title and interest in, to and under the said invention and said application in the United States:

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to me in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, I, ASSIGNOR, have sold, assigned, and set over, and by these presents do hereby sell, assign, transfer and set over, unto the ASSIGNEE, its successors, legal representatives and assigns, for the territory of the United States of America, and not elsewhere, the entire right, title and interest in, to and under said United States application and said invention as fully set forth and described therein, and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues, re-examination certifications and extensions thereof; together with the right to file said application in the United States and the right to claim for the same the priority rights derived from any earlier filed application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement, as may be applicable;

AND, I, ASSIGNOR, DO HEREBY:

AUTHORISE AND REQUEST the issuing authority to issue any and all patents granted on said invention to the ASSIGNEE;

WARRANT AND COVENANT that no assignment, grant, mortgage, licence or other agreement affecting the rights and property herein conveyed has been or will be made to others by me, and that the full right to cover the same as herein expressed is possessed by me;

COVENANT that, when requested and at the expense of the ASSIGNEE, to carry out in good faith the intent and purpose of this assignment, I will execute all divisional, continuing, reissue, and other patent applications on said invention; execute all rightful oaths, declarations, assignments, powers of attorney, and other papers; communicate to the ASSIGNEE all facts known to me relating to said invention and the history thereof; and generally do everything possible which the ASSIGNEE shall consider desirable for securing, maintaining, and enforcing proper protection for said invention in the United States.

TO BE BINDING on my heirs, assigns, representatives, and successors and extend to the successors, assigns and nominees of the ASSIGNEE
