ASSIGNMENT

VISIONEER COMMUNICATIONS, INC., referred to herein as ASSIGNOR, was a corporation of the State of California, which previously had a place of business at 34800 Campus Drive, Fremont, California 94555, and was formerly located at 2860 West Bayshore Road, Palo Alto, California 94303 and 3475 Edison Way, Suite Q, Menlo Park, California 94025.

VISIONEER, INC., referred to herein as ASSIGNEE, is a corporation of the State of Delaware and has a place of business at 34800 Campus Drive, Fremont, California 94555.

The undersigned person was an officer of Visioneer Communications, Inc. and is empowered under California law to execute this assignment on behalf of Visioneer Communications, Inc.

For good and valuable consideration received, ASSIGNOR assigns to ASSIGNEE:

1. all rights in an invention entitled "Document-Driven Scanning Input Device Communicating with a Computer" by Pierre Cotte described in and identified by application for Letters Patent of the United States, application Serial Number 07/988,404, filed December 9, 1992, now U.S. Patent No. 5,499,108, issued March 12, 1996, that was assigned to ASSIGNOR in an assignment executed by Avance Technologies, Inc. and recorded by the U.S. Patent and Trademark Office on November 15, 1993 at Reel 6767, Frame 0580, which includes the entire right, title and interest:
 - (a) in and to the invention, improvements, application, and each and every additional application filed anywhere in the world, whether or not the country of filing is a member of the International Union for the Protection of Industrial Property (The Paris Convention), which additional application is a division, substitution, continuation or continuation-in-part of or is based on said application or which additional application relates to said invention and improvements;
 - (b) all priority rights associated with the filing of each and every such application, for each country of The Paris Convention, and
 - (c) in and to each and every Letters Patent on said invention and improvements that may be granted by any country, including each and every Letters Patent that may be granted on any of the applications referred to in sub-section (a), and in and to each and every reissue, re-examination or extension of each and every such Letters Patent, and
