ASSIGNMENT

Attorney Docket No.

R11.12-0600

WHEREAS, I, Stefan Cramer, of Lampertheim, Germany, Rolf Gluth, of Blaustein, Germany, Thomas Schake, of Senden, Germany, and Brian E. Richter, of Bloomington, Minnesota, U.S.A., have invented certain new and useful improvements as described in an application entitled RADAR LEVEL GAUGE for Letters Patent of the United States, the application having been executed on even date herewith, and/or being identifiable in the United States Patent and Trademark Office by Serial No. 09/105,673, filed June 26, 1998; and

WHEREAS, Rosemount Inc., a corporation organized and existing under the laws of the State of Minnesota, having offices at 12001 Technology Drive, Eden Prairie, Minnesota 55344-3695, U.S.A., and Daimler-Benz Aerospace Aktiengesellschaft AG, a corporation organized and existing under the laws of Germany, having offices at 89077 Ulm, Germany ("Assignees") are desirous of acquiring the entire right, title and interest in and to the invention, the application, and any and all Letters Patent or similar legal protection, foreign or domestic, to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, I transfer to Assignees, jointly, each Assignee acquiring an undivided fifty percent (50%) ownership interest, with rights pursuant to a separate agreement between the Assignees, their successors and assigns, my entire right, title and interest in and to the invention, the above-identified application, corresponding domestic and foreign applications, all Letters Patent and similar legal protection issuing thereon, and all rights and benefits under any applicable treaty and convention; and I authorize the Commissioner of Patents and Trademarks of the United States or foreign equivalent thereof to issue the Letters Patent or similar legal protection to the Assignees.

I authorize the Assignees, their successors and assigns, to insert in this instrument the filing date and serial number of the application when ascertained.

I authorize the Assignees, their successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection, in their own name if desired, in any and all foreign countries.

I represent to the Assignees, their successors and assigns, that I have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. I, my executors or administrators, will at any time upon request, without additional consideration, but at the expense of the Assignees, their successors and assigns, execute such additional writings and do such additional acts as the Assignees, their successors and assigns, may deem desirable to perfect their enjoyment of this grant, and render all assistance in making application for and obtaining, maintaining, and enforcing the Letters Patent or similar legal protection on the invention in any and all countries.
