ASSIGNMENT

WHEREAS, WE, RICAREDO MATANGUIHAN, MICHAEL ZACHARIOU, AND CHARLES OLSON, have invented certain new and useful improvements in PROCESS AND MEDIUM FOR MAMMALIAN CELL CULTURE UNDER LOW DISSOLVED CARBON DIOXIDE CONCENTRATION for which Application for United States Letters Patent was executed by US on May 7, 1999.

WHEREAS, Bayer Corporation, a corporation organized and existing under the laws of the State of Indiana, having a principal place of business at 800 Dwight Way, Berkeley, California 94710, is desirous of acquiring said invention and application and any and all Letters Patent that may be obtained therefor or thereupon;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that, for and in consideration of the sum of One Hundred Dollars (\$100.00) and other good and valuable consideration, to US in hand paid by Bayer Corporation, the receipt of which is hereby acknowledged, WE have sold, assigned, transferred and set over and by these presents do sell, assign, transfer and set over unto Bayer Corporation, its successors and assigns, the full and exclusive right, title and interest in and to said invention and application and any and all divisions and continuations thereof, and in and to any and all United States Letters Patent and any and all reissues and extensions thereof that may be issued for or upon said invention and applications, to have and to hold for its own use and behoof and the use and behoof of its successors and assigns as fully and entirely as the same might be enjoyed by US if this sale and assignment had not been made;

AND WE HEREBY AUTHORIZE and request the Commissioner of Patents and Trademarks to issue said Letters Patent and any reissues and extensions thereof to Bayer Corporation, as assignee of the entire right, title and interest in and to said invention and application and any and all Letters Patent issued therefor or thereupon;

AND WE HEREBY AGREE to execute all instruments and documents within OUR power which may be necessary for the carrying out of this assignment in full; and to execute any divisional or continuation application which may be necessary or proper to obtain full protection on the invention hereby assigned; and to execute any and all supplemental oaths, preliminary statements and other papers should the same be proper and necessary in the prosecution of said application and any divisions and continuations thereof;

AND WE HEREBY FURTHER ASSIGN unto Bayer Corporation, its successors and assigns, the whole right, title and interest in and to the invention disclosed in said application throughout all countries foreign to the United States and do hereby ratify any acts of Bayer Corporation, its successors and assigns, in applying for patents therefor in its own name in countries where such application is proper and do agree to execute applications for said invention in the several countries where it is necessary that the same be executed by the inventor, and to execute assignments of such applications and the patents to be obtained thereupon to Bayer Corporation, its successors and assigns;

AND WE HEREBY AUTHORIZE Bayer Corporation, and its successors and assigns, to claim the priority of the aforesaid United States Patent Application in accordance with the provisions of each and every international convention or treaty in connection with each and every corresponding application which it may file or cause to be filed in each and every country which is a party to any such convention or treaty.

IN WITNESS WHEREOF, WE have hereunto set OUR hands this 7th day of May, 1999.
