ASSIGNMENT OF APPLICATION FOR DESIGN PATENT

WHEREAS, I, Spencer Clark Rees, of 4 S. 800 Route 47, Sugar Grove, Illinois 60554, respectively, invented and owns a certain new and useful design invention entitled:

ELECTRICALLY POWERED WAXER/POLISHER

for which design invention he has executed an application for Design Patent of the United States filed on even date herewith; and

WHEREAS, Wen Products, Inc., of 1088 W. Thorndale Avenue, Bensenville, IL 60106 (hereinafter referred to as Assignee), is desirous of acquiring the entire domestic and foreign right, title, and interest in and under the invention described in the application for Design Patent.

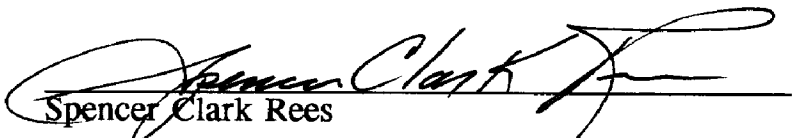

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN: Be it known that for good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, has assigned and set over, and by this document do assign and set over, to the Assignee and the Assignee's legal representatives, successors and assigns the entire right, title, and interest in and to the design invention in the United States and every foreign country, the applications for Design Patent and other such applications (e.g., continuations, continuations-in-part, divisionals and reissues) in the United States and every foreign country, and the Design Patents or extensions thereof, both foreign and domestic, that may or shall issue thereon; and do hereby authorize and request the Commissioner of Patents and Trademarks to issue the Design Patent in the United States to the above-mentioned Assignee agreeably with the terms of this assignment document.

UPON SAID CONSIDERATION, I convey to the Assignee the right to make application in its own behalf for protection of the invention in countries foreign to the United States and where expedient to claim under the International Convention or other international arrangement for any such application the date of the United States application (or other application if any there be) in priority to other applications.

I DO HEREBY COVENANT and agree with the Assignee that I will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and that I will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, renewal, reissued, or extended Design Patent of the United States or of any and all foreign countries on the invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, and by executing statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties.

I have hereunder set my hand on the date shown below.
