ASSIGNMENT

WHEREAS, WE, Thomas Colasanto, Edward R. diGirolamo, Jonathan C. Rothstein, have made an invention entitled "Structural System For Supporting A Building Utilizing Light Weight Steel Framing For Walls And Hollow Core Concrete Slabs For Floors And Method Of Making Same" described in application Serial No. 493,794 filed in the United States Patent and Trademark Office on May 15, 1990, now United States Patent 5,113,631;

WHEREAS, CODIRO, LLC, a corporation duly organized and existing under the laws of the State of DELAWARE and having a place of business at 3215 WASHINGTON CT., BUILDING M, FAUGHN, NC., for the benefit of itself, its successors and assigns, (hereinafter the Assignee), is desirous of acquiring the entire right, title and interest in and to the above identified patent, the invention, all inventions disclosed in the patent (hereinafter the Invention), and any additional Letters Patent of the United States and of all other countries including any divisional, continuation, continuation-in-part, extension, reexamination, renewal and reissue thereof which may be granted for the Invention (hereinafter the Patents);

NOW THEREFORE, for good and valuable consideration to us paid by the Assignee, the receipt of which is hereby acknowledged, we hereby assign and transfer to the Assignee the entire right, title and interest in and to the Invention and the Patents;

TO HAVE, HOLD AND ENJOY the Invention and the Patents assigned hereby to the Assignee for its own use and benefit to the end of the term or terms for which the Patents may be granted, as fully and entirely as the same would have been held and enjoyed by us had this assignment not been made.

AND WE HEREBY authorize and request the Commissioner of Patents and Trademarks of the United States and the appropriate officers of all foreign patent offices to issue the Patents to the Assignee in accordance with the terms of this instrument.

AND WE HEREBY further agree to execute and sign without further consideration any other legal document, assignment and any divisional, continuation, continuation-in-part, extension, reexamination, renewal, reissue, or other application in and for all patents that may be deemed appropriate and necessary by the Assignee fully to secure to the Assignee its interests as aforesaid in the Invention and the Patents.

AND WE further covenant and agree that we will at any time upon request communicate to the Assignee or its legal representative, any facts known to us relating to the Invention and the Patents and will testify truthfully as to the same in any interference, litigation or any other proceeding related thereto when requested to do so.

IN WITNESS WHEREOF, each of us hereby states: I have hereunto set my hand and seal on the date set forth below.
