**ASSIGNMENT OF
APPLICATION TO BE FILED**

WHEREAS, Luis del Castillo, residing at 1257 W. 7th Street, Boca Raton, Florida 33486, ("Inventor"), having invented certain new and useful improvements in **aesthetic designs for amplifiers and other audio equipment** ("Invention"), for which a United States patent application is being filed herewith; and

WHEREAS, Security Associates International, Inc., a corporation of the State of Florida ("Assignee"), is desirous of acquiring the entire right, title and interest in and to said Invention, including the right to sue for damages for all past infringement occurring prior to the execution date of this Assignment, and in and to any patents that may be granted therefor in the United States and in any and all foreign countries;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to him in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, the Inventor has sold, assigned, and transferred, and by these presents do sell, assign, and transfer unto said Assignee the full and exclusive right to the said Invention in the United States and its territorial possessions and in all foreign countries and the entire right, title, and interest in and to any and all patents which may be granted therefor in the United States and its territorial possessions and in any and all foreign countries and in and to all divisions, reissues, continuations and extensions thereof.

Inventor hereby authorizes and requests the United States Patent and Trademark Office in the United States and any and all foreign countries to issue any and all of said patents, when granted, to said Assignee as the assignee of our entire right, title, and interest in and to the same, for the sole use and enjoyment of said Assignee, its successors and assigns.

Further, I agree that I will communicate to said Assignee or its representatives, any facts known to me respecting said Invention, and testify in any legal proceedings, sign all lawful papers, execute all divisions, continuations, substitutions, renewal and reissue applications, execute all necessary assignment papers to cause any and all of said patents to be issued to said Assignee, make all rightful oaths, and generally do everything necessary or desirable to aid said Assignee, its successors and assigns, to obtain and enforce proper protection for said Invention in the United States and in and all foreign countries.
