ASSIGNMENT

WHEREAS, we, John Fink, of 2347 Locust, Portage, County of Porter, and State of Indiana, and Harry E. Schilling, of 3115 Union Avenue, Steger, County of Cook, and State of Illinois, have invented certain improvements in **Safety Lock Device With Rotating Clover Mechanism**, for which improvements and the invention or inventions disclosed therein we executed an Application for Letters Patent of the United States of America herewith; and

WHEREAS, Morgan Marshall Industries, Inc., a corporation organized and existing under and by virtue of the laws of the State of Illinois, is desirous of acquiring title to the aforesaid application, the improvements and the invention or inventions disclosed therein, and all Letters Patent or other certificates of protection, of the United States, or of any other country, which may be granted therefor;

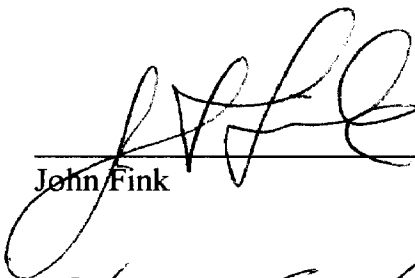

NOW, THEREFORE, for and in consideration of the sum of Ten Dollars (\$10.00) to us in hand paid, and other good and valuable considerations, the receipt of which is hereby acknowledged, we, John Fink and Harry E. Schilling have sold, assigned and transferred, and do hereby sell, assign and transfer unto the said Morgan Marshall Industries, Inc., its successors and assigns, the entire right, title and interest in and to the aforesaid application, the improvements and the invention or inventions disclosed therein, all priority rights pertaining to same, and all Letters Patent and other certificates of protection, both domestic and foreign, which may be granted therefor, including any reissues and extensions thereof, to be held by said Morgan Marshall Industries, Inc. as fully and entirely as the same would have been held by us had this Assignment and sale not been made; and we hereby bind ourselves, our heirs and legal representatives, to promptly, upon request of the said assignee, execute with proper signatures and oath or affirmation, any and all papers including all divisional, substitute, continuing and reissue applications for said improvements and any of said inventions, and all applications for foreign

patents or other certificates of protection for said improvements and any of said inventions, and to perform, but without cost or expense to us, all acts necessary or expedient to secure to said assignee patent or other protection for said improvements and any of said inventions in the United States and in all foreign countries selected by the said assignee, as fully and entirely as the same might have been secured by us had this Assignment not been made.

IN TESTIMONY WHEREOF, we have hereunto set our hands and affixed our seals respectively.
