ASSIGNMENT

Whereas We, the below named inventors, with residences and citizenships as indicated below; have made an invention in

RECOVERY OF HIGHLY FLUORINATED CARBOXYLIC ACIDS FROM THE GAS PHASE

and have contemporaneously executed an application for Letters Patent of the United States of America based thereon;

Now, therefore, for good and valuable consideration, receipt of which is acknowledged, we have individually and jointly agreed to assign and transfer and do hereby assign and transfer unto the DYNEON GMBH (sometimes designated as the Dyneon GmbH), a limited liability company organized under the laws of the Federal Republic of Germany, having its principal office at D-84504 Burgkirchen, Federal Republic of Germany, and E.I. DU PONT DE NEMOURS AND COMPANY (sometimes designated as the E.I. du Pont de Nemours and Company), a company organized under the laws of the United States of America, having its principal office at 1007 Market Street, Wilmington, Delaware 19898, United States of America, their successors and assigns, the entire right, title, and interest in and to the said invention and application, and in and to any division or continuation (in whole or in part) of said application, and in and to any and all improvements in the said invention made by us or any of us or made jointly with others (provided any such improvement is made during, or within one year after the termination of, the employment by the said Company of whichever of us, solely or jointly with one or more others, has made the same), and in and to any and all Letters Patent, reexaminations, reissues, or extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon the said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by us or any of us had this assignment and transfer not been made,

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as we lawfully may, that may be deemed necessary by the said Companies, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Letters Patent, Utility Models, or Inventors' Certificates in any and all countries;

And we do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent which may be granted upon any of the said applications, to the said DYNEON GMBH and E.I. DU PONT DE NEMOURS AND COMPANY, as the assignees of the entire right, title, and interest therein.

In witness whereof, we have hereunto signed our names on the days and years set forth below.
