We, **Kurt Lebwohl of Graz, Austria**
Gerhard Spanner of Illz, Austria

have invented a new and useful process, machine, manufacture, composition of matter, or an improvement thereof, entitled:

**A DEVICE FOR MOMENTARILY MOUNTING A SLIDING DOOR TO A
VEHICLE BODY**

for which we have executed an application for Letters Patent of the United States on September 21, 1998.

Chrysler Corporation, a Delaware corporation having its principal place of business at Auburn Hills, Michigan, desires to acquire the entire right, title, and interest in the invention and under the Letters Patent, and similar protection to be obtained, worldwide.

In consideration of the payment by Chrysler Corporation to us of the sum of \$1.00 and other good and valuable consideration, receipt being acknowledged, we sell, assign, and transfer unto Chrysler Corporation, our full and entire right, title, and interest in the invention worldwide and to all Letters Patent or similar legal protection to be obtained for the invention worldwide by the application or any continuation, division, renewal, substitute, re-examination, reissue, or any legal equivalent, for the full term or terms that may be granted.

We authorize our attorneys, authorized to prosecute said application, to insert the filing date and Serial Number of the application, to wit, Serial No., 09/162,670, filed 9/29/98. We authorize and request the Commissioner of Patents to issue all Letters Patent of the United States to Chrysler Corporation.

We further agree to communicate to Chrysler Corporation or its representatives, any facts known to us respecting the invention, testify in any legal proceedings relating to the invention when called upon, and sign all instruments and documents and render such assistance which, in the judgment of Chrysler Corporation, is necessary to vest in it and protect the legal right, title, and interest assigned in this Assignment.

This Assignment will be binding on our heirs and legal representatives.
