ASSIGNMENT OF PATENT APPLICATION

JOINT

WHEREAS, Veijo T. Suorsa, of 1402 Kitimat Place, Sunnyvale, CA 94087, Dennis Mendoza, of 2150 David Ernest Court, Tracy CA 95376 and Richard Bautista, of 3382 Waverly Street, Palo Alto, CA 94306 hereinafter referred to as "Assignors," are the inventors of the invention described and set forth in the below identified application for United States Letters Patent:

Title of Invention: FOCUSED ULTRASOUND TRANSDUCERS AND SYSTEMS

Filing date: July 21, 1999 Application No.: 09/362,630; and

WHEREAS, **SCIMED Life Systems, Inc.**, a Minnesota corporation, having a principal place of business at One SCIMED Place, Maple Grove, Minnesota 55311-1566, hereinafter referred to as "SCIMED," is desirous of acquiring an exclusive right, title and interest in and to said invention and in and to any Letters Patent to be granted and issued therefor in the United States of America and its territories and possessions;

WHEREAS, **Boston Scientific Limited**, a corporation formed under the laws of the Republic of Ireland, having a principal place of business at Financial Services Centre, P.O. Box 111, Bishop's Court Hill, St. Michael, Barbados, West Indies, hereinafter referred to as "BSL," is desirous of acquiring an exclusive right, title and interest in and to said invention and in and to any Letters Patent and Registrations to be granted and issued therefor in all countries other than the United States of America (Non-U.S. Countries);

For good and valuable consideration, receipt of which is hereby acknowledged by Assignors, Assignors have assigned, and by these presents do assign to SCIMED all right, title and interest in and to the invention and application in the United States of America and in and to any Letters Patent which may hereafter be granted on the same in the United States of America. The right, title and interest is to be held and enjoyed by SCIMED and SCIMED's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignors had this assignment not been made, for the full term of any Letters Patent which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignors further agree that Assignors will, without charge to SCIMED, but at SCIMED's expense, (a) cooperate with SCIMED in the prosecution of U.S. patent applications on the invention and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer and (c) perform such other acts as SCIMED lawfully may request to obtain or maintain Letters Patent for the invention and in improvements in the United States of America, and to vest title thereto in SCIMED or its successors and assigns.

PATENT

| REEL: 010365 FRAME: 0457

For good and valuable consideration, receipt of which is hereby acknowledged by Assignors, Assignors have assigned, and by these presents do assign to BSL all right, title and interest in and to the invention in all Non-U.S. Countries (including patent, utility model and industrial designs), and in and to any non-U.S. Letters Patent and Registrations which may hereafter be granted on the same in all Non-U.S. Countries, and to claim priority from the above-identified U.S. application as provided by the Paris Convention and any other Treaty or Convention. The right, title and interest is to be held and enjoyed by BSL and BSL's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignors had this assignment not been made, for the full term of any non-U.S. Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignors further agree that Assignors will, without charge to BSL, but at BSL's expense, (a) cooperate with BSL in the prosecution of non-U.S. applications on the invention and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer and (c) perform such other acts as BSL lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and in improvements in Non-U.S. Countries, and to vest title thereto in BSL or its successors and assigns.

IN TESTIMONY WHEREOF, Assignors have signed their names on the dates indicated.
