## ASSIGNMENT

I, Sanjay M. Gidwani, a citizen of the United States of America, (hereinafter called "the ASSIGNOR"), for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, have assigned and hereby assign to Integrated Real Time Systems, Inc., a California corporation, 800 Charcot Avenue Suite 113, San Jose, California 95131 (hereinafter called "the ASSIGNEE"), its successors, assigns and legal representatives, the entire right, title and interest in and to all subject matter invented by me and disclosed in an application for Letters Patent of the United States, entitled "***Apparatus & Method for Intelligent Scalable Switching Network***" and executed by me on the dates indicated below, plus the entire right, title and interest in and to any and all letters patent which may be granted therefor in the United States of America and its territorial possessions and in any and all foreign countries, and in any and all divisionals, reissues and continuations thereof, including the right to claim priority rights deriving from said United States application by virtue of the International Convention, said applications and letters patent issuing from said application to be held and enjoyed by ASSIGNEE for its use and benefit and of its successors and assigns as fully and entirely as the same would have been held and enjoyed by ASSIGNOR had this assignment, transfer and sale not been made.

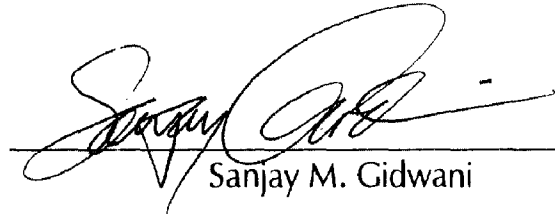

Assignment for Patent Application "Apparatus & Method for Intelligent Scalable Switching Network" filed concurrently herewith from Inventor Sanjay M. Gidwani to Integrated Real Time Systems, Inc., a California corporation; Attorney Docket 6482/53506

ASSIGNOR hereby authorizes and requests the Commissioner of Patents and

Trademarks of the United States, and comparable officials in foreign countries to issue or grant all letters patent from these applications to ASSIGNEE. ASSIGNOR agrees to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent, for litigation regarding said letters patent, or for the purpose of protecting title to applications or letters patent therefor.
