PATENT ASSIGNMENT (U.S.)

1. **WHEREAS**, Arch Technology Corporation of City Place One, St. Louis, Missouri 63141, a corporation duly organized and existing under and by virtue of the laws of the State of Delaware, (hereinafter referred to "ASSIGNOR"), is the owner of the entire right, title and interest in and to certain letters patent of the United States and the inventions disclosed therein; and to certain applications for letters patent of the United States and the inventions disclosed therein; and

2. **WHEREAS**, Archveyor PTY Limited of Level 23, 111 Pacific Highway, North Sydney, N.S.W., Australia, a corporation duly organized and existing under and by virtue of the laws of New South Wales, Australia (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring said right, title and interest of Assignor;

3. **NOW, THEREFORE**, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration by ASSIGNEE to Assignor in hand paid, receipt of all of which is hereby acknowledged, Assignor has agreed to and does hereby sell, assign and transfer unto ASSIGNEE, its successors and assigns, all of Assignor's right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to said letters patent and all reissues thereof, and reexamination certificates therefor, and the inventions disclosed therein, including Assignor's full right to sue for and recover all damages recoverable from past infringements of said letters patent; including specifically, without limiting the generality of the foregoing, the United States patents listed below; and Assignor has further agreed to and does hereby sell, assign and transfer unto ASSIGNEE, its successors and assigns, all of Assignor's right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to said inventions, said United States applications, any other United States applications (including provisional, non-provisional, divisional, continuing, or reissue application) based in whole or in part on said United States applications or in whole or in part on said inventions, any foreign applications based in whole or in part on any of the aforesaid

United States applications or in whole or in part on said inventions, and any and all patents (including extensions thereof) of any country which have been or may be granted on any of the aforesaid applications or on said inventions or any part thereof; including, specifically, without limiting the generality of the foregoing, the United States application listed below.

4. **TO BE HELD AND ENJOYED BY** ASSIGNEE, its successors and assigns, to the full ends of the respective terms full for which said patents have been or may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

5. **AND** Assignor hereby authorized and requests the Commissioner of Patents and Trademarks of the United States of America to issue any and all United States patents which may be granted upon said United States patent applications to ASSIGNEE, its successors and assigns.

6. **AND** Assignor hereby agrees to execute without further consideration any further lawful documents and any further assurances, and any provisional, non-provisional, divisional, continuing, reissue or other applications for patents of any country, that may be deemed necessary by said ASSIGNEE, its successors or assigns fully to secure its interest as aforesaid in and to said inventions or any part thereof, and in and to said several patents or any of them.

7. **AND** Assignor covenants that Assignor has granted no right or license to make, use or sell said inventions to anyone except said ASSIGNEE, that prior to the execution of this deed, ASSIGNOR's right, title, and interest in said inventions has not been otherwise encumbered, and that ASSIGNOR has not executed and will not execute any instrument in conflict herewith.

8. **THE UNITED STATES PATENTS ARE AS FOLLOWS:**
