ASSIGNMENT

For good and valuable consideration, S-VISION, a California corporation, having a place of business at 3850 North First Street, San Jose, CA, has acquired by prior assignment the entire right, title and interest in an invention of Raymond Pinkham entitled:

Replacing Defective Circuit Elements By Column And Row Shifting In A Flat-Panel Display

for which United States Patent Application Serial Number 08/901,059 was filed on 7/25/1997, and has acquired the entire right, title, and interest in all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications; and has acquired the right to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization.

Now, for good and valuable consideration, receipt of which is hereby acknowledged, and in view of the above premises and effective forthwith, S-VISION hereby sells, assigns and transfers to Aurora Systems, Inc., a California corporation, having a place of business at 1754 Technology Dr., Suite 230, San Jose, CA 95110, its successors and assigns, S-VISION's entire right, title and interest throughout the world in said invention of Raymond Pinkham entitled:

Replacing Defective Circuit Elements By Column And Row Shifting In A Flat-Panel Display

for which United States Patent Application Serial Number 08/901,059 was filed on 7/25/1997, and all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications; authorizes the above-named assignee to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization; and agrees to execute all papers useful in connection with said United States and foreign applications, and generally to do everything possible to aid said assignee, its successors, assigns and nominees, at their request and expense, in obtaining and enforcing patents for said invention in all countries; and requests the Commissioner of Patents and Trademarks to issue all patents granted for said invention to Aurora Systems, Inc., its successors and assigns.

Executed this 16th day of August, 1999.

S-VISION,

By:

Elliot Broadwin, President
