ASSIGNMENT

WHEREAS, I, Paul J. Dobson, citizen of the United States of America and resident of Charlton, County of Worcester, State of Massachusetts have invented new and useful improvements in a

LARGE CORE POLYMER FIBER OPTIC DEVICE AND METHOD OF MAKING SAME

for which I have made application for Letters Patent of the United States, which application was executed by me on the 27 day of January, 2000 (and I hereby authorize my attorneys, authorized to prosecute said application, to here insert the serial number and filing date of said application, as soon as it is known, **Serial No.** _____, **Filed** _____).

WHEREAS, Fiberoptics Technology, Inc., a Connecticut corporation, having its principal place of business at One Fiber Road, Pomfret, CT 06258 is desirous of acquiring the entire right, title and interest in and to said improvements and in any Letters Patent which may be granted thereon.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for and in consideration of the sum of one (1) Dollar to me in hand paid and other good and valuable consideration, receipt of which is hereby acknowledged, I, the said Paul J. Dobson, sell, assign and transfer to said Fiberoptics Technology, Inc., its successors and assigns (hereinafter called "Assignee"), the entire right, title and interest in and to said improvements and in and to any Letters Patent which may be obtained thereon in the United States and in all countries foreign thereto, together with said application and all divisional, continuing, substitute, renewal, reissue, and other applications for Letters Patent which have been or may be filed on said improvements in the United States or any other country; the same to be held and enjoyed by the Assignee for its and their sole use and behoof; and I do hereby further assign to the Assignee the right to file applications for patent in all countries on said improvements and all rights of priority resulting from any application for Letters Patent filed on said improvements.

I hereby authorize and request the Commissioner of Patents and Trademarks to issue all Letters Patent of the United States on said improvements to the Assignee.

I further covenant and agree that when requested by the Assignee, and without further consideration, but at the cost and expense of the Assignee, I will, for any and all countries, execute and deliver all applications for patents on said improvements, execute all lawful oaths and other papers, supply to the Assignee all facts and evidence known to me relating to said improvements and the history and development thereof, testify in all interferences, suits and other legal proceedings, and generally do everything rightful which the Assignee shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said improvements and for vesting the title to said improvements in the Assignee.

I further covenant that I have the lawful right to assign the interest in said improvements in the manner and form as herein expressed and that the interests herein conveyed are free from prior assignment, grant, mortgage, license or other encumbrance whatever.

IN WITNESS WHEREOF, I have hereunto set my hand and seal as of and for the 27 day of January, 2000.
