ASSIGNMENT

I, CRAIG J. BELL residing at 27 Meadow Road, East Swanzey, New Hampshire 03446 has invented improvements in METHOD AND APPARATUS FOR SENSING HUMIDITY IN A PATIENT WITH AN ARTIFICIAL AIRWAY and having on the 30th day of OCTOBER, 1997, executed an application for United States patent as the sole inventor (and I hereby authorize my attorney(s), to prosecute said application and to here insert the filing date and serial number of the said application, when known, Serial No. 08/962,019, filed on October 31, 1997) describing the same and based thereon, for good and valuable consideration, receipt of which is hereby acknowledged from Medcare Medical Group, Inc., a New Hampshire corporation having its principal place of business in 234 Old Homestead Highway, East Swanzey, New Hampshire 03446 hereinafter called the Assignee (which term shall include its successors and assigns) do hereby sell, assign and transfer unto the Assignee my entire right, title, and interest as the inventor, in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to and under said application (which term shall include hereinafter where the context so admits all divisional, continuing, reissue and other patent applications based thereon) and the inventions (which term shall include each and every such invention, or any part thereof) therein described, and any and all patents and like rights of exclusion (including extensions thereof) of any country which may be granted on or for said inventions or on said application;

And for the same consideration I do also hereby sell, assign and transfer unto the Assignee all my rights under the International Convention for the Protection of Industrial Property and all other treaties of like purpose in respect of said inventions and said application and I do hereby authorize the Assignee to apply in my name or its own name for patents and like rights of exclusion on or for said inventions in all countries, claiming (if the Assignee so desires) the priority of the filing date of said application under the provisions of said Convention or any such other treaty;

And for the same consideration I do hereby jointly and severally agree for myself and for my respective heirs, executors and administrators, promptly upon request of the Assignee, to execute and deliver without further compensation any power of attorney, assignment, original, divisional, continuing, reissue or other application or applications for patent or patents or like rights of exclusion of any country, or other lawful documents and any further assurances that may be deemed necessary or desirable by the Assignee fully to secure to it said right, title, and interest as aforesaid in and to said inventions, application, and said several patents and like rights of exclusion, or any of them, all, however, at the expense of the Assignee;

And I do hereby authorize and request the Commissioner of Patents of the United States of America and corresponding Officer of each country foreign thereto to issue to the Assignee any and all patents and like rights of exclusion which may be granted in any country upon said application or on or for said inventions;

And I do hereby jointly and severally covenant for myself and for my respective legal representatives and agree with the Assignee that I have granted no right or license to make, use or sell said inventions to anyone except the Assignee, that prior to the execution of this deed my right, title and interest in and to said inventions as the inventor has not been otherwise encumbered, and that I have not executed and will not execute any instrument in conflict herewith.

IN WITNESS WHEREOF, I hereunto set my hand and seal this 7th day of January, 2000.

Craig J. Bell

State of New Hampshire
County of Cheshire

Before me this 7th day of January, 2000, personally appeared Craig J. Bell who is to me personally known, and acknowledged the foregoing instrument to be his free act and deed.
