ASSIGNMENT

WHEREAS, I, Robert E. Rodgers, Jr., of 8011 Meadowcroft, Houston, Texas 77063 USA (the "Assignor"), have invented certain new and useful improvements in STATIONARY EXERCISE APPARATUS WITH ADJUSTABLE CRANK, for which an application for Letters Patent of the United States has been made, said application having been executed on April 29, 1997, and which may be identified in the United States Patent Office by Serial No. 08/841123 filed April 29, 1997.

Whereas, CCS, LLC, a corporation organized and existing under the laws of the State of Colorado, and having its principal offices at 660 Compton Street, Broomfield, Colorado 80020 (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefor;

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the Assignee, its successors and assigns, my entire right, title and interest in and to said invention, said application, all divisions, continuations, continuations-in-part, reissues, or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue, therefrom including all reissues or extensions of such patents including all of my rights under the International Convention, and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned Assignee in accordance herewith.

I further authorize said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration I do hereby covenant and agree with the said Assignee, its successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

Assignor covenants and agrees that this Assignment is effective as of April 29, 1997, the date of filing of the above-referenced patent application.
