PATENT ASSIGNMENT

In consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid pursuant to that certain Asset purchase Agreement of even date herewith to Mr. Bracket, Inc., a Delaware corporation (hereinafter designated as the Assignor), the Assignor hereby sells and assigns to Mr. Bracket, Inc., a Texas corporation, or its assigns (hereinafter designated as the Assignee) the entire right, title and interest for the United States of America (as defined in 35 USC 100) in the inventions listed on the attached Schedule A and covering said inventions, and in any and all reissues, extensions, renewals, divisions and continuations of such applications or Letters Patent to the full end of the term or terms for which such Letters Patent issue, such entire right, title and interest to be held and enjoyed by the above named Assignee the same as they would have been held and enjoyed by the undersigned had this assignment and sale not been made.

The Assignor agrees to execute all papers necessary in connection with the applications and any continuing, divisional, reissue or corresponding applications thereof and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

The Assignor agrees to execute all papers necessary in connection with any interference which may be declared concerning the applications or continuation, division or reissue thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference.

"Assignor"
Mr. Bracket, Inc., a Delaware corporation
