This Assignment made by me, Cheryl Felix, hereinafter referred to as assignor, a citizen of the United States of America, residing at 29 Springs Road, City of Bedford, County of Middlesex, State of Massachusetts;

WITNESSETH: That,

WHEREAS, I am a joint inventor with Amy Wilson and Paul Miller of original and ornamental designs for a FUEL DISPENSER INTERFACE for which we are making application for Letters Patent of the United States; and

WHEREAS, Herbst Lazar Bell Inc., a corporation duly organized and existing under the laws of the State of Illinois and having a principal place of business in Waltham, County of Middlesex, State of Massachusetts, hereinafter referred to as assignee, is desirous of acquiring my entire right, title and interest in and to said design as described in the specification identified as U.S. application serial number **29/104,775**, and any and all Letters Patent which shall be granted therefor;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, said assignor, have sold, assigned, transferred and set over unto the said assignee, its successors and assigns, my entire right, title and interest in and to the above-mentioned application and design and in and to any and all Letters Patent of the United States which may hereafter be granted therefor, and in any and to any and all continuations, continuations-in-part, substitutions, divisions or reissues of said Letters Patent, the same to be held and enjoyed by the said assignee, for its interest, and for its own use and behalf, and the use and behalf of its successors and

assigns, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made.

And for the consideration aforesaid, I hereby covenant and agree to and with the said assignee, its successors and assigns, that I will, whenever its counsel or the counsel of its successors and assigns, learned in the law, shall advise that an amendment, division, continuation, continuation-in-part, or substitution of, or any other proceeding in connection with said application, including interference proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid Letters Patent for said design, or for the reissue of the same without charge to my said assignee, its successors or assigns, but at its or their expense.

I hereby request the Assistant Commissioner for Patents to issue the Letters Patent in accordance with this instrument.

For the consideration aforesaid, I have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the said assignee, its successors, assigns or nominee, my entire right, title and interest in and to any and all Letters Patent for said design which may be granted in countries foreign to the United States and in and to any applications for Letters Patent which may be filed for said design in countries foreign to the United States and in and to the design described in said application; and I hereby authorize and empower the said assignee, its successors, assigns or nominees to apply for Letters Patent or other form of protection on said design in its own name or in the name of its successor, assignee, or nominee, in any and all countries where it may desire to file such application and where said application may be filed by another than the inventor; and I hereby covenant and agree to sign all papers and

drawings, take all rightful oaths, and do all acts necessary or required to be done for procurement of Letters Patent, or other form of protection, for said design or designs in countries foreign to the United States, and for further investing or confirming the right and title therein to the assignee, its successors, assignee, or nominee, without charge to my said assignee, its successor, assignee or nominee, but at its or their own expense.
