Assignment

For good and valuable consideration, receipt of which is hereby acknowledged, I, Ward Frye, do hereby sell, assign and transfer unto The Perkin-Elmer Corporation, a corporation under the laws of the State of Delaware, having its principal place of business in Foster City, California (hereinafter called the Assignee), its successors and assigns, the entire worldwide title, interest and right, including the right of priority, in, to and under and application for Letters Patent of the United States entitled:

MULTI-WELL MICROFILTRATION APPARATUS

filed on October 29, 1998, Serial No. 09/182,946, and the inventions and any of them therein set forth and described, and any and all Letters Patent of the United States of America and of countries foreign thereto which may be granted thereon or therefor, and any utility models corresponding thereto, and in and to any and all divisions, continuations, and continuations-in-part of said application, or reissues, reexaminations, or extensions of said Letters Patent or Patents, and all rights under the International Convention for the Protection of Industrial Property;

And for the above named consideration I/we agree promptly to execute upon request of the Assignee, its successors or assigns, to execute and deliver, without further compensation, any power of attorney, assignment, application, whether original, continuation, divisional or reissue, or other papers which may be necessary or desirable fully to secure to the Assignee, its successors and assigns, the inventions and any of them described in said application and all patent rights therein, in the United States and in any country foreign thereto, and to cooperate and assist in the prosecution of appeal and interference proceedings involving said inventions and in the adjudication or re-examination of said Letters Patent provided the expenses which may be incurred by us in lending such cooperation and assistance be paid by the Assignee.

IN WITNESS WHEREOF, I hereby sign below:
