ASSIGNMENT

WHEREAS, I, STEVEN J. CRAIGEN, residing at 5526 S. 300th Place, Auburn, Washington 98001, invented certain new and useful improvements in METHOD AND APPARATUS FOR ABRASIVE WATERJET MILLING for which an application for Letters Patent of the United States of America was filed in the United States Patent Office on March 15, 1996, and given Serial Number 617,493 and issued as U.S. Patent No. 5,704,824;

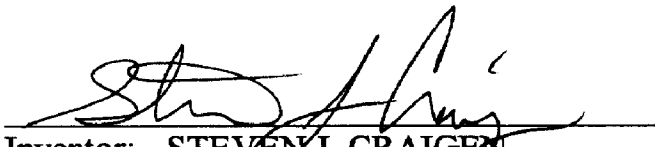

WHEREAS, WATERJET TECHNOLOGY, INC., a corporation organized and existing under the laws of the state of Washington, and having its principal offices at 21414 68th Avenue South, Kent, Washington 98032, is desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefore, including U.S. Patent No. 5,704,824;

NOW THEREFORE, for good and valuable consideration to me paid by said WATERJET TECHNOLOGY, INC., the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto said WATERJET TECHNOLOGY, INC., its successors and assigns, my entire right, title and interest in and to said invention, said application and the Letters Patent, both foreign and domestic, that may or shall issue or have issued, including all of my rights under any and all international conventions, treaties and/or agreements concerning patents to which the United States is a party, and I do hereby authorize and request the Commissioner of Patents to issue or assign said Letters Patent to the above mentioned assignee in accordance herewith.

I further authorize said assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of any international convention, treaty and/or agreement.

I do hereby covenant and agree with said assignee, its successors and assigns, that I will not execute any writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request without further or additional consideration, but at the expense of said assignee, its successors and assigns, execute such additional writings and so such additional acts as said assignee, its successors and assigns, may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all requested assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, reissued, reexamined or extended Letters Patent of the United States, or any and all foreign countries on said invention.
