Assignment

U.S. Patent No. 5,097,510

Granted: March 17, 1992

In Consideration of One dollar and other good and valuable considerations, the receipt of which is hereby acknowledged, the entire right, title and interest in the invention or improvements in **Artificial Intelligence Pattern Recognition-Based Noise Reduction System for Speech Processing** and in the Letters Patent of the United States therefor, and in any continuation, reissue or extension of any Letters Patent that may be granted, and all foreign applications and patents relating thereto, are hereby assigned by Aura Systems, Inc., a corporation formed under the laws of the State of Delaware, and the heirs, successors, legal representatives and assigns of Aura System, Inc. (hereinafter collectively referred to as "Aura") to **Sitrick & Sitrick**, an Illinois partnership, and the heirs, successors, legal representatives and assigns of **Sitrick & Sitrick** (hereinafter collectively called said "S&S").

For said Considerations it is hereby agreed by Aura, upon the request of S&S, to execute any necessary and proper oaths or affidavits relating to said Letters Patent or required for the filing or prosecution of any divisional or continuing application thereof or for the filing or prosecution of any application for the reissue or extension of any Letters Patent granted on said invention or improvements that S&S may deem necessary or expedient, and for the said considerations it is further agreed by Aura, upon the request of S&S, in the event of said application or any division thereof, or Letters Patent issued thereon, or any reissue or application for the reissue thereof, becoming involved in Interference, to cooperate to the best of the ability of Aura with S&S in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof, and further to perform, upon such request, any and all affirmative acts to obtain said Letters Patent and vest all rights therein hereby conveyed in S&S as fully and entirely as the same would have been held and enjoyed by Aura if this assignment and sale had not been made. And for the said considerations the entire right, title and interest in said invention or improvements, including all priority rights, and the right to claim priority rights and the privileges and benefits thereof, including those under the International Convention, and all other Conventions, and the right to file applications for patent in said S&S's own name for said invention or improvements in each and every country of the world are hereby assigned and granted by Aura to S&S. It is further agreed by Aura, upon the request of S&S, to execute any and all documents that shall be required of Aura to be executed in connection with any and all applications for foreign Letters Patent therefor, including the prosecution thereof, and to execute any and all documents necessary to invest title in said foreign applications and patents in S&S. Aura also further agrees, for the said considerations, upon the request of S&S, to promptly perform all lawful acts deemed by S&S to be necessary or advisable in connection with maintaining, enforcing, or transferring the resulting grants of said Letters Patent in the United States or foreign countries. It is agreed that such lawful acts include, but are not limited to, taking oaths, executing declarations, powers, assignments, and other papers and giving testimony.
