ASSIGNMENT

Whereas, I, **HUBERT MAES**, of rue Vanderstichelen 92, B 1080 Bruxelles, BELGIUM. have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled "**METHOD OF TREATING CANCER**" that was originally filed in the United States Patent Office on December 1, 1994, under Serial Number 08/353,227, claiming priority of application Serial Number 093091375 filed in Belgium on December 10, 1993, and was re-filed as a continuation on February 6, 1997, under Serial Number 08/797,474, which application allowed on January 27, 2000 and the issue fee therefor paid on March 13, 2000; and

Whereas, **ANDA BIOLOGICALS, S. A.**, a societe anonyme organized under the laws of France, of 37, rue de la Course, B.P. 76, 67067 Strasbourg Cedex, FRANCE, is desirous of acquiring the entire right, title and interest in the United States in and to said invention as set forth in said applications and in and to any United States Letters Patent issuing thereon;

Now, Therefore, for good and valuable consideration, receipt of which is hereby acknowledged by me, I do hereby sell, assign, transfer and set over unto the said **ANDA BIOLOGICALS, S. A.**, its successors, assigns or other legal representatives, the entire right, title, and interest in the United States in and to said invention as set forth in the above-identified applications and in and to any United States Letters Patent issuing thereon; said invention and Letters Patent to be held and enjoyed by the said **ANDA BIOLOGICALS, S. A.** for its own use and enjoyment and for the use and behoof of its successors, assigns or other legal representatives, to the full end of the term for which said Letters Patent is granted, as fully and entirely as the same would have been held by me had this assignment and sale had not been made.

And I do further hereby covenant and agree that I will not execute any document or do any act whatsoever conflicting with these presents, and that I will at any time, upon request, without further or additional consideration but at the expense of said assignee, execute and deliver such additional assignments or other documents and perform such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and that if said **ANDA BIOLOGICALS, S. A.**, its successors, assigns or other legal representatives desire to secure any re-examination or reissue of such Letters Patent, or to file, any disclaimer relating thereto, that I will, upon request, sign all papers, make all rightful oaths or declarations and do all lawful acts requisite for the application for such reissue, or re-examination and the procuring thereof, or for the filing of such disclaimer, without further compensation, but at the expense of said **ANDA BIOLOGICALS, S. A.**, its successors, assigns or other legal representatives.

And I do further covenant and agree that I will, at any time upon request, communicate to said ANDA BIOLOGICALS, S. A., its successors, assigns, or other legal representatives, any facts relating to said invention and Letters Patent or the history thereof known to me, and to testify as to the same in any interference or other litigation when requested so to do.

In Witness Whereof, I have hereunto set my hand and seal.
