ASSIGNMENT

WHEREAS, Larry Davis, of the County of Riverside, State of California, and Dean Munson, of the County of Los Angeles, hereafter called Assignors, are the inventors of the below-entitled patent application

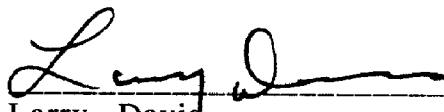

**SINGLE FAULT IMPERVIOUS INTEGRATED
CONTROL AND MONITORING SYSTEM**

Serial No.: Unknown (New Application)
Filed: Herewith

WHEREAS, New Bedford Panoramex Corporation, a corporation of the State of California, hereinafter called Assignee and having its principal place of business at 1037 W. Ninth Street, Upland, California 91786, is desirous of acquiring the entire right, title and interest in and to the aforesaid invention and in and to any and all Letters Patent therefor granted in the United States of America, and in any and all countries foreign thereto;

NOW, THEREFORE, TO WHOM IT MAY CONCERN, be it known that, for and in consideration of the sum of One Dollar (\$1.00) paid by the said Assignee, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said Assignors by these presents do sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, the full and exclusive right, title and interest for the territory of the United States of America and all countries foreign thereto (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), in and to the said invention as described in said application, and in and to all Letters Patent granted therefor, and all divisions, reissues and continuations thereof, and said Assignors hereby authorize and request the Commissioner of Patents to issue all Letters Patent on said inventions or resulting therefrom to said Assignee, as assignee of the entire right, title and interest, and said Assignors covenant that they have full right so to do and agrees that they will communicate to said Assignee, or its successors, any and all facts known to them regarding said invention whenever requested and will provide testimony in any legal proceeding, execute all lawful papers and all divisional, reissue and continuation applications, and generally do everything possible to aid said Assignee, its successors and assigns, to obtain and enforce proper patent protection for said invention in all countries.
