### PATENT ASSIGNMENT

This assignment made this 2nd day of February, 2000, by and between Meritor Light Vehicle Systems, Inc., a Delaware Corporation (hereinafter "Assignor"), and Tripmaster Corporation (hereinafter "Assignee"), a Texas corporation with a place of business at 2020 Randol Mill Road, Suite 307, Arlington, Texas 76011.

WHEREAS, Assignor believes that it is the owner of all right, title, and interest in and to the three patents identified in Schedule A (hereinafter collectively referred to as "Patents"), and the invention disclosed and claimed therein in the United States and throughout the world.

WHEREAS, Assignee desires to acquire and Assignor is willing to assign to Assignee all of Assignor's right, title, and interest in and to the Patents and all inventions disclosed and claimed therein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby transfers, grants, conveys, assigns, and relinquishes exclusively to Assignee all of Assignor's right, title, and interest in and to the Patents, the inventions disclosed and claimed therein, any patents/patent applications directed to the inventions disclosed and claimed therein, all continuations, continuation-in-part applications, divisionals, reissues, reexaminations, renewals and extensions thereof, all foreign patents and applications that rely on the patents, and all rights to claim priority on the basis of the Patents or the patent applications, and all accrued causes of action for damages for infringement thereof.

In furtherance of this Agreement, Assignor hereby acknowledges that, from the effective date forward, Assignee has succeeded to all of Assignor's right, title, and standing to receive all rights and benefits pertaining to the Patents, institute and prosecute all suits and proceedings, and take all actions that Assignee, in its sole discretion, may deem necessary or proper to collect, assert, or enforce any claim, right, or title of any kind under any and all of the Patents, whether arising before or after the Effective Date, defend and compromise any and all such actions, suits, or proceedings relating to such transferred and assigned rights, title, interest, and benefits, and do all other such acts and things in relation thereto as Assignee, in its sole discretion, deems advisable. Assignor hereby authorizes and requests any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patents for inventions to Assignee, its successors and assigns, in accordance with the terms of this agreement.

The parties may execute multiple originals of this Agreement and each such partially executed original of this Agreement shall serve, when combined with a partially executed original, as a fully executed and enforceable Agreement.

This Agreement shall inure to the benefit of, and be binding on, the parties hereto together with their respective legal representatives, successors, and assigns.
