ASSIGNMENT

WHEREAS, Calvin Alexander Networking, Inc. (hereinafter referred to as “Assignor”) has been assigned all rights in U.S. Patent Application No. 09/204,387 filed December 2, 1998 (hereinafter referred to as the “Assigned Patent Application”) by way of assignment from the inventor Michael Wood of his inventions disclosed in the Assigned Patent Application (hereinafter referred to as “the Inventions”), such assignment having been executed on April 14, 1999 and recorded in the United States Patent and Trademark Office at reel/frame number 9920/0498, and

WHEREAS, Micromuse, Inc. (hereinafter together with its successors and assigns referred to as "Assignee"), a Delaware corporation, having a place of business at 139 Townsend Street, San Francisco, CA 94107, is desirous of obtaining all right, title and interest in, to and under the Assigned Patent Application and the Inventions; and

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which Assignor does hereby acknowledge, Assignor has sold, assigned, transferred and set over, and by these presents hereby sells, assigns, transfers and sets over to Assignee all right, title and interest in, to and under the Inventions and the Assigned Patent Application, including the right to apply for any Letters Patent of the United States of America and in any and all foreign countries on the Assigned Patent Application, and any and all other applications for Letters Patent on Assigned Patent Application, in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon the Assigned Patent Application or upon the Inventions, and any and all Letters Patent which may issue thereon in the United States and foreign countries, and any and all reissues, extensions, renewals, divisions, continuations or continuations-in-part of Letters Patent granted for the Assigned Patent Application or upon the Inventions, to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from the Assigned Patent Application and said Letters Patent, the same to be held and enjoyed by Assignee for its own use and benefit fully and entirely as if the same would have been held and enjoyed by Assignor had this Assignment not been made. Assignor authorizes Assignee to file patent applications in any and all countries on the Assigned Patent Application in its name, or otherwise as Assignee may deem advisable, under the International Convention or otherwise.

Assignor authorizes the Commissioner of Patents and Trademarks of the United States, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on the Assigned Patent Application to Assignee as owner of all right, title and interest therein, or otherwise as Assignee may direct, in accordance with the terms of this Assignment.

Assignor represents and warrants that Assignor has the full right to convey the entire right and interest herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that Assignor will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.
Assignor hereby covenants and agrees that Assignor will, upon request of Assignee, communicate to Assignee any facts known to Assignor relating to the Assigned Patent Application, the Inventions, and the history thereof, and generally do all acts which may be deemed necessary by Assignee to obtain and enforce proper patent protection for the Assigned Patent Application and the Inventions in all countries.

IN TESTIMONY WHEREOF, Assignor has caused this document to be executed by its duly authorized officer on the date indicated below.
