ASSIGNMENT OF INVENTION

WHEREAS, I, **Thomas O'Shei**, residing at 136 Westgate, West Seneca, New York, have invented a certain new, original and ornamental design for a two headed marking device with bottle for which an application for Design Letters Patent in the United States was executed on the date(s) which appears next to my signature;

AND WHEREAS, **MJK Enterprises of Western New York, Inc.** (the "Company"), having a place of business at 6622 Main Street, Suite 1, Williamsville, New York, is desirous of acquiring all interest in said invention, said application, and in any Design Letters Patent which may be granted therefor;

AND WHEREAS, at the time the invention was made, I was under an obligation to assign all of my right, title, and interest in said invention to The Company;

NOW THIS INDENTURE WITNESSETH, that for the sum of one dollar and other valuable consideration to me in hand paid, the receipt of which is hereby acknowledged, I hereby assign, sell, and transfer unto the Company the entire right, title, and interest in said invention, said application, and in and to any and all Design Letters Patent of the United States, and countries foreign thereto, which may be granted for said invention, and in and to any and all priority rights, rights under the International Convention For The Protection Of Industrial Property, rights under the Patent Cooperation Treaty, and other benefits accruing or to accrue to me with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto.

And I hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Design Letters Patent to the Company as the assignee of the whole right, title, and interest thereto.

And I further agree to sign and properly execute such necessary and lawful papers for application for foreign patents,

for filing subdivisions of said application for patent, and for obtaining any reissue or reissues of any Letters Patent which may be granted for our aforesaid invention, as the assignee thereof shall hereafter require and prepare at its own expense.
