ASSIGNMENT

WHEREAS, Richard Scott, an individual having a residence at 6516 Heritage Trace Court, Mobile, Alabama 73695, hereinafter called the "Assignor", has acquired the entire right, title and interest in, to and under certain new and useful improvements in "Fuel Delivery Re-Routing Harness" described in application serial no. 09/140,884 for United States Letters Patent filed August 27, 1998 by assignment recorded in the U.S. Patent and Trademark Office.

WHEREAS, Allen N. Sharpe, an individual having a place of business at 1101 Gulf Breeze Parkway, Suite 338, Gulf Breeze, Florida 32561, hereinafter called the "Assignee", is desirous of acquiring the entire right, title and interest in and to said application and the inventions and improvements therein disclosed in any and all Letter Patent that may be obtained therefor or thereupon, and all reissues and extensions thereof.

NOW, THEREFORE, in consideration of the Purchase and Sale Agreement between Assignor and Assignee for the purchase by Assignee from Assignor all right, title and interest in and to said application, receipt whereof acknowledged by Assignor, and intending to be legally bound, Assignor assigns, sells, transfers and sets over unto Assignee the entire right, title and interest in and to said application and the inventions and improvements therein disclosed for the United States and all foreign countries including priority rights on applications that may be filed in all foreign countries and any Letters Patent which may issue therefor in the United States and all foreign countries and all divisions, reissues, continuations, renewals and/or extensions thereof.

Assignee shall have and hold the interest therein assigned to the full ends of the terms of said Letters Patent and any and all divisions, reissues, continuations, renewals and/or extensions thereof, respectively as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

Assignor covenants that he is the lawful owner of said application, invention and improvements, that the same are unencumbered, that no license has been granted to make, use or vend said invention or improvements or any of them, and that Assignor has the full right to make this assignment.

Assignor requests that the Commissioner of Patents and Trademarks issue such Letters Patent in accordance herewith.

Assignor agrees that he will communicate to Assignee or the representatives thereof any facts known to him respecting said inventions and improvements, and will, upon request, but without expense to him, testify in any legal proceedings, sign all lawful papers, execute all division, reissue, continuation, renewal and/or extension applications, make all rightful oaths, and generally do all other and further lawful acts deemed necessary or expedient by Assignee or by counsel of Assignee, to assist or enable Assignee to obtain and enforce full benefits from the rights and interests herein assigned.

This assignment shall be binding upon Assignor's heirs, executors, administrators and/or assigns, and shall inure to the benefit of the heirs, executors, administrators, successors and/or assigns, as the case may be, of Assignee.

IN WITNESS WHEREOF, Assignor has caused this agreement to be executed this 10th day of April, 2000.
