ASSIGNMENT

Case No.: 99,738

Serial No. 09/513,731

Inventors: **Kevin L. Parsons, et al.**

Date of Execution
of Application:

Filing Date: 02/14/00

In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby assign to:

Armament Systems and Procedures, Inc., a corporation of the State of Wisconsin

its successors and assigns (the "Assignee"), the entire right, title and interest the invention or improvements of the undersigned disclosed in an application for Letters Patent of the United States, entitled:

Dual Switch Flashlight

and identified as:

99,738

in the offices of McDonnell Boehnen Hulbert & Berghoff and in said application and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension of such patents, and further assigns to said Assignee the priority right provided by the International Convention.

We authorize and request the patent office officials in the United States and in countries foreign to the United States to issue the patent rights to Assignee.

We warrant that we are the sole and exclusive owners of the interests assigned herein and have the right to make this Assignment. We further warrant that there are no prior sales, assignments, leases, agreements or any encumbrances of any type in the interests assigned herein. We agree that we will not execute any writing or do any act whatsoever which conflicts with the interests assigned herein.

We authorize Assignee to make application on its own behalf for patent rights and rights of protection in countries foreign to the United States and where expedient to claim under international law or convention or the laws of any particular country (such as the International Convention for the Protection of Industrial Property) for any such application the date of the United States application as priority to such other application. We further authorize Assignee to claim under international law or convention or the laws of any particular country such priority rights without further written or oral authorization from us. We consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file

or like document that may be required under international law or convention or the laws of any particular country for any purpose, including the right of Assignee to claim such priority rights.

We authorize and request the attorneys of record in the application to insert in this Assignment the date and serial number of the application when known.

We hereby agree, upon the request and at the expense of the Assignee, but without further or additional consideration, to execute any and all divisional, continuation, reissue, reexamination, renewal, extension, substitution and confirmation applications for the invention or improvements, and any necessary oath or supplemental oath or affidavit relating thereto, that the Assignee may deem necessary or expedient. We agree to promptly provide Assignee all pertinent facts and documents relating to the invention of which we know or of which we in the future become aware. We further agree, upon the request of the Assignee, in the event of the application or any divisional, continuation, reissue, reexamination, renewal, extension, substitution or confirmation applications and patents granted on the invention or any improvements becoming involved in an interference, opposition, court or other proceeding, to cooperate to the best of our ability with the Assignee in preparing and executing the preliminary statement, giving and producing evidence, and giving testimony in support thereof.
