This is an Assignment of the following rights, title and interest: (check all that apply)

- United States of America rights, title and interest in the Invention
- Foreign rights, title and interest in the Invention
- United States Patent Application Serial No. _____

Date of Execution: _____ Date of Filing: _____

- United States Provisional Patent Application Serial No. _____
- United States Patent No(s) 5,885,218
- International (PCT) Patent Application Serial No. PCT/US98/23421
- Other (specify) All other United States and foreign applications corresponding to the application for the aforesaid U.S. Patent or claiming priority therefrom, and all patents issuing on or deriving therefrom,

Whereas, we, the above-identified Assignor, desire to assign our above-identified rights, title and interest in U.S. Patent No. 5,885,218; PCT US98/23421; and corresponding U.S. and foreign applications; and inventions thereof (the "Invention") to the above-identified Assignee.

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged:

Assignor hereby assigns, sells and transfers all rights, title and interest, free and clear of any liens, licenses or other encumbrances in and to said Invention, and said applications and patents as identified above, including any divisions, continuations and continuations-in-part thereof, and in and to any and all Letters Patent of the United States and countries foreign thereto, which have been or may be granted for said Invention or on said applications, and in and

to any and all reissues and reexaminations thereof, and in and to any and all priority rights, including the right to claim the same, convention rights, and other benefits with respect to the Invention, the applications or the patents, and for the securing of patents in the United States and countries foreign thereto, unto said Assignee;

And the Assignor further agrees to provide all necessary facts, make available all necessary documents and records, and to assign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations and continuations-in-part of any of said applications for patent, for obtaining any reissues or reexaminations thereof and for conducting any other procedures for prosecuting, securing, protecting and/or documenting any of said applications and patents, and the Assignee's ownership of all rights therein and thereto, as the Assignee or its Designee(s) may from time to time request and prepare at its own expense.
