WHEREAS, CONCEPT CLEANING SYSTEMS, INC., a Utah corporation, having a business address of 1530 North 1000 West, Logan, Utah 84321, is desirous of acquiring the entire right, title, and interest in the same;

NOW, THEREFORE, in consideration of one dollar (\$1.00), the receipt and sufficiency whereof is hereby acknowledged, and other good and valuable consideration, I, the said Dan Haynie, by these presents, do hereby grant and assign unto said CONCEPT CLEANING SYSTEMS, INC., the entire right, title and interest in said invention in the above-identified United States patent application and in all divisions, continuations and continuations-in-part of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents

issuing thereon in the United States and foreign countries; the right, power and authority to file and prosecute such applications, including the right to file foreign patent applications on said invention(s) in its own name, wherever such right may be legally exercised, and including the right to claim the priority and benefits of the International Convention for such applications, and the right to bring actions for infringement of any right in said invention(s) in its own name; including past infringement, in any jurisdiction; and we hereby authorize and request the United States Commissioner of Patents and Trademarks, and such patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention(s) to the Assignee as the owner of the entire right, title, and interest in and to the same, for its sole use and behoof; and for the use and behoof of its legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by us had this assignment and sale not been made.

I hereby agree, without further consideration and without expense to myself, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of us to make this Assignment fully effective, including, by way of example but not of limitation, the following: prompt execution of all original, divisional, substitution, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any and all such patent applications; cooperation to the best of my
