ASSIGNMENT

In consideration of good and valuable consideration, of which I hereby acknowledge receipt of, I, Gurmohan S. Baveja, of Mentor, OH, 44060 assign to General Electric Company, a New York Corporation, its successors and assigns the entire right, title and interest in and to the improvements in:

U.S. Patent Application Serial No. 09/170,173 filed on October 13, 1998, entitled "Truncated Chamfer Turbine Blade," currently pending in the U.S. Patent and Trademark Office; as well as any patent granting therefrom or any parent, division, continuation, continuation-in-part, or other patent documents in the same patent family thereof, including, but not limited to, any reissues, reexaminations, utility models, and extensions thereof; either domestic or foreign to the United States, and either currently issued, pending, or hereafter filed;

and all rights of priority resulting from the filing of said United States patent application, and authorize and request any official whose duty it is to issue patents, to issue any patents on said improvements or resulting therefrom to said General Electric Company, or its successors or assigns and agree that on request and without further consideration, but at the expense of said General Electric Company, I will cooperate with and aid said General Electric Company, its successors, assigns, and nominees to obtain and enforce proper patent protection for said improvements in all countries. These rights are subject to any rights that the United States Government may have in this subject matter. The General Electric Company shall be responsible for reporting of patent status or any other matters involving the United States Government and this patent application.
