ASSIGNMENT

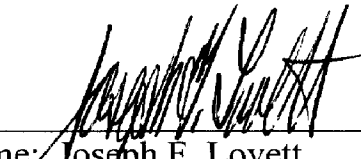

In consideration of One Dollar (\$1.00) and other good and valuable considerations, the receipt and sufficiency whereof are hereby acknowledged, the undersigned SYMBIOTECH, INC. (hereinafter "assignor") hereby assigns to the PRESIDENT AND FELLOWS OF HARVARD COLLEGE, a charitable corporation organized and existing under and by virtue of the laws of the Commonwealth of Massachusetts and having a place of business at 17 Quincy Street, Cambridge, Massachusetts 02138, U.S.A., and its successors and assigns (collectively hereinafter "assignee"), the entire right, title and interest throughout the world in the invention and improvements which are the subject of United States Patent No. 5,663,069, issued September 2, 1997, entitled MODIFIED LAMBDA BACTERIOPHAGE, and in said Letters Patent and any and all other United States and foreign applications which assignor may file, either solely or jointly with others, on said invention and improvements, and in any and all Letters Patent of the United States and foreign countries which may be obtained on any of said applications and in any reissue or extension of such patents, and further including the priority right provided by the International Convention.

Assignor warrants that it is the owner of the entire right, title interest in said invention and improvements and has the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations assignor hereby agrees, upon the request and at the expense of assignee, to execute any and all divisional, continuation and substitute applications for said invention and improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application and any and all applications and other documents for Letters Patent in foreign countries on said invention and improvements, that assignee may deem necessary or expedient, and for the said considerations assignor authorizes assignee to apply for patents for said invention and improvements in assignee's own name in such countries where such procedure is proper, and further agrees, upon the request of assignee, to cooperate to the best of its ability with assignee, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain, maintain and enforce said Letters Patent, both United States and foreign, and vest all rights therein hereby conveyed in assignee, whereby said Letters Patent will be held and enjoyed by assignee, to the full end of the term for which said Letters Patent will be granted, as fully and entirely as the same would have been held and enjoyed by assignor if this assignment had not been made.

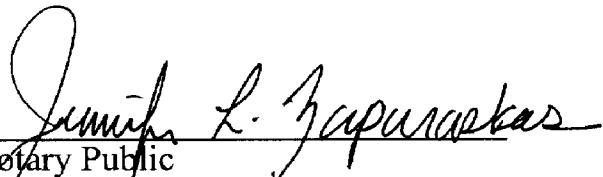

WITNESS my hand and seal this 25th day of April, 2000.
