ASSIGNMENT OF INVENTION AND PATENT APPLICATION

Whereas Robert E. Earhart, 9933 Marion St., Thornton, CO 80229; Kenneth F. Halls, 6972 W. 76th Ave., Arvada, CO 80003; and Grant K. Halls, 1350 20th St., Apt. F14, Boulder, CO 80302 (hereinafter Assignors) have invented certain new and useful improvements for which a US patent application originally titled Carpet And Surface Cleaning Apparatus has been filed (the Patented Technology); and

Whereas Environmental Cleaning Systems, Inc. having its principle place of business at 3879 E. 120th, #102, Denver, CO 80233 (hereinafter Assignee) is desirous of acquiring said invention and patent;

Now therefore, in consideration of the Royalties to be paid as described herein, and for other good and valuable consideration, said Assignors do hereby sell, assign, and transfer to said Assignee, its successors, assigns and legal representatives, all right, title, and interest in and to said invention, as described in said application; the application; and to any and all Letters Patent which may be granted in the United States including continuations, divisions, and reissues of the original application.

Further, Assignor does hereby sell, assign, and transfer to said Assignee all right, title, and interest in and to said invention and to any and all patent rights in each and every country foreign to the United States.

Assignor agrees to execute all papers, give any required testimony and perform other lawful acts, at Assignee's expense, as may be required to enable Assignee to perfect Assignee's interest in any resulting patent of the United States or foreign country and to enforce, convey, and uphold the validity of said patent. Assignor agrees to execute all continuation, divisional, and reissue patent applications based on the application.

Assignee agrees to pay to Assignors jointly Royalties in the amount of five percent (5%) of the wholesale price of any products sold or five percent (5%) of gross lease income of products leased where the products incorporate the Patented Technology and where such sale or lease is by or for Assignee or Assignee's affiliates to third parties. In the event that products incorporating the Patented Technology are disposed of in any other manner, Assignee agrees to pay an equivalent royalty to Assignors. If the Patented Technology is assigned, licensed, or in any other way made available to third parties, Assignee agrees to pay five percent (5%) of all income received to Assignors.

Assignors agree that any and all Royalties or other proceeds received under this agreement will be divided equally among them.

Assignee agrees that in the event that Assignee ceases to do business; or ceases marketing products incorporating the Patented Technology for a period in excess of one year, Assignee will assign all rights in the Patented Technology, received under this agreement, back to the Assignors upon their written request.
