ASSIGNMENT

Whereas I/we, the following named inventors in this application, have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled LOW FOAMING AUTOMATIC DISHWASHING COMPOSITIONS Attorney's Docket No. 6253R2, and filed as Serial No. 09/301,713, filed April 29, 1999 (the hereinafter named assignee being authorized to insert said US Serial Number or Number of International Application designating the US and filing date when ascertained) and also set forth in whole or in part in application Serial Nos. 08/763,997, filed December 12, 1996; and 08/910,514, filed August 2, 1997, to which said patent application claims priority under 35 USC §120; and United States Provisional Patent Application(s): 60/025,938 filed September 11, 1996 to which said patent application claims priority under Title 35 USC §119(e):

Kuntal Chatterjee, of St. Louis, County of St. Louis, State of Missouri, executed the above-referenced application on 5-21-99, 1999;

William Michael Scheper, of Lawrenceburg, County of Dearborn, State of Indiana, executed the above-referenced application on _____, 1999;

Lynda Anne Speed, of Newcastle, Country of England, executed the above-referenced application on _____, 1999;

Graeme Duncan Cruickshank, of Newcastle, Country of England, executed the above-referenced application on _____, 1999;

I/We made said invention set forth in said patent application while employed by, or otherwise under an obligation to assign said invention to The Procter & Gamble Company or one of its Affiliates and acknowledge our obligation at the time the invention was made to assign said invention to The Procter & Gamble Company or the Affiliate, respectively. Pursuant to said obligation and (in the case of employment by or obligation to an Affiliate) at the request of the Affiliate, I/we assign to The Procter & Gamble Company, its legal representatives, successors and assigns, the entire right, title and interest, including the right to claim priority of the filing date of said patent application under international conventions, in said invention as set forth in said patent application as set forth in said patent application, and in all patents of the United States and of any other country which may be issued for said invention, as fully and completely as the same would have been held by me/us had this assignment not been made. The entire right, title and interest shall vest irrevocably in The Procter & Gamble Company. I/We further agree upon request, without additional compensation but at no expense to me/us, to execute or assent to applications in countries other than the United States, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to The Procter & Gamble Company, its legal representatives, successors and assigns, or as said Company may direct.

AND I/we request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to said The Procter & Gamble Company, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said patent and the invention covered thereby.

The ASSIGNMENT of said patent application is effective as of the earlier of 1) the date of execution shown below or 2) the filing date of said patent application.
