ASSIGNMENT

WHEREAS, I, **Alfonso E. Lopez**, residing at 240 Greenmoor, Irvine, California 92614, United States of America, have invented certain new and useful improvements entitled DUAL NETWORK DOME STRUCTURE disclosed firstly in a United States provisional patent application No. 60/025,761 filed 20 September 1996, and secondly in PCT International Patent Application PCT/US97/16130, filed 17 September 1997 which application includes a designation of the United States of America;

AND WHEREAS **TEMCOR**, a California corporation, having a place of business at 24724 South Wilmington Avenue, Carson, California 90745, United States of America (hereafter, together with any successors, legal representatives or assigns thereof, called "ASSIGNEE") owns the said improvements by operation of law and wants to formally and in writing acquire the entire, right title and interest in and to said improvements, said applications, and all patents and similar rights hereafter sought or obtained on the said improvements, whether or not based upon the said applications.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to me in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, effective as of 20 September 1996 as to the aforesaid United States provisional patent application and effective as of 17 September 1997 as to the aforesaid PCT International Patent Application, I have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to ASSIGNEE the entire right, title and interest in and to said improvements, and said applications and all divisions and continuations thereof, and all United States Letters Patents which may be granted thereon and all reissues, reexaminations and extensions thereof, and all priority rights under all available International Agreements, Treaties, and Conventions, including the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) theretofore, or hereafter filed for said improvements in any foreign countries and all rights (including all priority rights) to file in ASSIGNEE's name, international, regional and national applications for patents and related rights on said improvements under and via the Patent Cooperation Treaty in and in respect to such countries foreign to the United States as now are or hereafter may be direct or indirect parties to that Treaty; and I authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said improvements to ASSIGNEE in accordance with the terms of this agreement;

AND I HEREBY covenant that I have full right to convey the entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to ASSIGNEE any facts known to me respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid ASSIGNEE to obtain and enforce proper patent protection for said improvements in all countries;

AND, WITH RESPECT TO THE FOREGOING ASSIGNMENT AND COVENANTS AND IN FURTHERANCE THEREOF, I hereby grant to ASSIGNEE the right, power and authority to execute all lawful papers and the like for me and in my place and stead in the event of my unavailability for any reason to do so.
