Serial No.: 29/124,904

Filed: June 12, 2000

WHEREAS, JUSTIN E. McDONOUGH, a citizen of the United States of America, residing at 12 Ballentine Street, Kenvil, New Jersey 07847; and STEVE ARIDGIDES, a citizen of the United States of America, residing at 327 Michael Road, Yardley, Pennsylvania 19067; (hereinafter "Assignors"), have made certain new and useful inventions or discoveries relating to a TRAINER CUP for which the above-identified U.S. design patent application (hereinafter "Application") was executed by us on June 5, 2000 and June 1, 2000, respectively, said Application being a continuation-in-part of U.S. design patent application Serial No. 29/116,372 filed on December 30, 1999; and

WHEREAS, JOHNSON & JOHNSON CONSUMER COMPANIES, INC., a corporation formed under the laws of the State of New Jersey, having a place of business at Grandview Road, Skillman, New Jersey 08558, (hereinafter "Assignee"), is desirous of acquiring Assignors' entire right, title, and interest in aforesaid Application;

NOW, THEREFORE, BE IT KNOWN that for and in consideration of the sum of One Dollar and other valuable considerations to them moving, the receipt of which is hereby acknowledged, Assignors have sold, assigned, and transferred, and do hereby sell, assign and transfer unto said Assignee their entire right, title and interest in and to all said inventions and discoveries disclosed in said Application, and in and to said Application, all substitutions, divisions, and continuations thereof, and in and to all Design Patents, United States and foreign, that may be granted for said inventions and discoveries, and in and to all extensions, renewals, and reissues thereof, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignors if this Assignment and sale had not been made;

And Assignors hereby expressly make this Assignment and sale effective retroactively to the date said Application was executed by us, so that the entire right, title and interest in any and all aforesaid applications, substitutions, divisions and continuations, thereof, whether foreign or domestic, that may have been filed prior to execution of this Assignment and sale are also hereby sold, assigned and transferred to Assignee as set forth above;

And Assignors hereby authorize and request the United States Commissioner of Patents and Trademarks to issue any resulting U.S. Design Patent in accordance with this Assignment;

And for the consideration aforesaid, Assignors covenant and agree with said Assignee that they have a full and unencumbered title to the inventions and discoveries above described and hereby assigned, which title they warrant unto said Assignee, its successors and assigns;

And for the consideration aforesaid, Assignors further covenant and agree that they will, whenever requested, but without cost to them promptly communicate to said Assignee or its representatives any facts known to them relating to said inventions and discoveries, testify in any interference or legal proceedings involving said inventions and discoveries, and execute any additional papers that may be necessary to enable said Assignee or its representatives, successors, nominees, or assigns to secure full and complete protection for the said inventions and discoveries or that may be necessary to vest in said Assignee the complete title to the said inventions and discoveries and patents hereby conveyed and to enable it to record said title.
