ASSIGNMENT

WHEREAS, We the undersigned, *Mark James Schaenzer, Stephen John Miller and Gordon Merle Jones* (hereinafter "Inventor(s)") having invented certain new and useful improvements which may be used in disc drives and entitled "*Clock Head with Spacer*" which an application for United States Letters Patent has been executed contemporaneously herewith; and

WHEREAS, Seagate Technology LLC, a corporation organized and existing under and by virtue of the laws of the State of Delaware and having a place of business at Seagate Technology LLC, Scotts Valley, California 95066, is desirous of acquiring the entire right, title and interest in and to said application and said invention, as well as any and all applications for Letters Patents and Inventor's Certificates which may be filed on said invention in any country or countries, as well as any and all Letters Patents and Inventor's Certificates which may be granted on any such application.

NOW, THEREFORE, for valuable consideration, the receipt and adequacy of which is hereby acknowledged, We have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over unto Seagate Technology LLC, its successors and assigns, our entire right, title and interest in, to and under said invention and said application, and any and all Letters Patents which may be granted for said invention and/or on said application, including all extensions, continuations, divisions and reissues thereof, and our right of priority under the International Convention for the Protection of Industrial Property, the Inter-American Convention relating to Inventions, Patents, Designs and Industrial Models, and any other convention, treaty or reciprocal agreement to which the United States is a party concerning priority in inventions, patents, designs, inventor's certificates, industrial property or industrial models, and any and all applications for Letters Patents or Inventor's Certificates which has heretofore or may hereafter be filed on said invention in any country or countries, as well as any and all Letters Patents and Inventor's Certificates which may be granted on any such applications, including all extensions, continuations, divisions, reissues and renewals thereof; the same to be held and enjoyed by Seagate Technology LLC for its own use and behoof and for the use and behoof of its successors and assigns as fully and entirely as the same would have been held and enjoyed by us had this assignment not been made;

AND, we covenant that we have not and will not execute any instrument or take any action contrary to this assignment, nor encumber the title of Seagate Technology LLC in, to and under said invention, applications, Letters Patents and Inventor's Certificates, and that we have the right to execute this instrument;

AND, we hereby covenant and agree to keep Seagate Technology LLC advised to our current residence address, and our, or our executors, administrator, representatives or assigns, will execute all papers, make all rightful oaths, and do all acts deemed by Seagate Technology LLC, its successors and assigns, necessary or desirable in any proceeding concerning any of said applications or Letters Patents or Inventor's Certificates, including, but not limited to, proceedings for the procurement or enforcement of Letters Patents for said invention, or for the reissue, renewal or extension thereof, at the expense of Seagate Technology LLC, its successors or assigns.

We hereby request the Commissioner of Patents of the United States, and any official of any country foreign to the United States whose duty is to issue Letters Patents or Inventor's Certificates on applications as aforesaid, to issue Letters Patents or Inventor's Certificates to Seagate Technology LLC or its designee in accordance with this instrument.

IN WITNESS WHEREOF, I have hereunto set my hand on this 21st day of August, 2000.
