U.S. PATENT ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, Apex, Inc., by and through Stephen E. Anderson, the assignee for the benefit of the creditors of Apex Inc., hereby sells, assigns and transfers to Mosel Vitelic Inc., a Taiwanese corporation having its headquarters and principal place of business at No. 1, Creation Road 1, Science Based Industrial Park, Hsinchu, Taiwan, its successors and assigns, the entire right, title and interest throughout the world in its invention in

Apparatus for Dispensing Slurry

for which Apex, Inc. has filed a United States Patent Application on November 5, 1997, and now has issued as U.S. Patent No. 5,964,413, and all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications. Apex, Inc., by and through the undersigned as the Assignee for the Benefit of its Creditors authorizes the above-named assignee to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization from Apex, Inc. Apex, Inc. agrees to execute all papers useful in connection with said United States and foreign patents and patent applications, and generally to do everything possible to aid said assignee, its successors and assigns at its request and expense, in obtaining and enforcing patents for said invention in all countries; and Apex, Inc. requests the Commissioner of Patents and Trademarks to issue all patents granted for said invention to the above-named assignee, its successors and assigns.

Executed this 5TH day of SEPTEMBER, 2000.

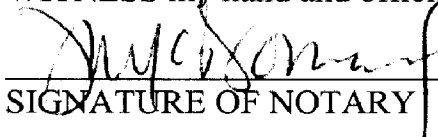

Stephen E. Anderson
