ASSIGNMENT

We, the undersigned

Takao Nishio and Tsuneo Aida

Hereby declare that

We are the true and first inventors of an invention entitled **Rotolining Process** (and which is identified as Case Number **FL-0177 NA**) and which is disclosed in United States Patent Application No. **09/504,921** filed on **February 16, 2000**, and we each certify to the following: That the date which I have entered above my signature on this Assignment is the date on which I have signed this Assignment and is also the same date on which I signed the Declaration and Power of Attorney for the above identified application..

For valuable consideration, the receipt and adequacy of which is hereby acknowledged and in fulfillment of our pre-existing obligation of assignment, we hereby:

I. Sell, assign, and transfer unto **DuPont-Mitsui Fluorochemicals Co., Ltd.**, a corporation organized and existing under the laws of Japan and having its principal place of business at Tokyo, Japan, hereinafter referred to as the assignee, (A) the sole and entire right, title, and interest in and to: (1) the aforesaid application for Letters Patent, (2) any priority rights derived from the aforesaid application for Letters Patent by virtue of the International Convention for the Protection of Industrial Property and any other treaty or understanding for intellectual property for any and all member countries of the aforesaid International Convention or other treaty or understanding, (3) any and all our inventions, whether joint or sole, disclosed in the aforesaid application for Letters Patent, (4) any and all applications for Letters Patent for any such inventions in any country whatsoever, (5) any and all patents for any such inventions in any country whatsoever; and (B) the sole right to (1) file such applications in its name or ours, (2) to file such applications under the aforesaid International Convention or other treaty or understanding, (3) have said patents granted in its name or ours, and (4) enforce said patents and to sue for and recover profits and damages for any and all infringements thereof whether past or future; and

II. Agree, whenever requested, to communicate to said assignee, its successors, assigns, and legal representatives, any facts known to us respecting said rights, to testify in any legal proceeding respecting said rights, to execute all applications, papers or instruments necessary or required by said assignee, its successors, assigns and legal representatives to carry into effect any of the provisions of this instrument, and generally to do everything possible to aid said assignee, its successors, assigns, and legal representatives to obtain and enforce proper patent protection for said inventions in any and all countries.
