ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, I, Gary M. Drzewiecki of Princeton, New Jersey, hereby sell, assign and transfer to Rutgers, The State University, a non-profit organization, having a place of business at 58 Bevier Road, Piscataway, New Jersey 08854, its successors and assigns, the entire right, title and interest throughout the world in my invention in

Method and Apparatus for Noninvasive Determination of Peripheral Arterial Luminal Area

for which I have filed a United States patent application on December 3, 1998, which now has Serial No. 09/205,042, and all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications; I authorize the above-named assignee to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization from me; I agree to execute all papers useful in connection with said United States and foreign applications, and generally to do everything possible to aid said assignee, its successors, assigns and nominees, at their request and expense, in obtaining and enforcing patents for said invention in all countries; and I request the Commissioner of Patents and Trademarks to issue all patents granted for said invention to the above-named assignee, its successors and assigns.

Executed this ____ day of 11/5/00, 2000.
