

# *Assignment*

Whereas, I (we):

Jeffrey T. Mason of Escondido, County of San Diego, State of California, and  
Richard W. Royer of Fallbrook, County of San Diego, State of California,

respectively, have invented certain improvements in:

Fluid Drive Mechanism for a Therapeutic Treatment System

identified by Attorney Docket No. 001P9604, hereinafter called the "invention", and  
executed a United States Patent application concurrently herewith; and

Whereas, the Assignee, Breg, Inc., a corporation of the State of California, having a  
principal place of business at 2611 Commerce Way, Vista, California 92083, desires to  
acquire the entire right, title and interest in the invention and said patent application, and  
to any United States and foreign patents to be obtained therefor;

Now therefore, for good and valuable consideration paid to me (us) by the Assignee, the  
receipt and sufficiency of which I (we) hereby acknowledge, I (we), Jeffrey T. Mason and  
Richard W. Royer, hereby sell, assign and transfer to the aforesaid Assignee its  
successors and assigns:

The entire right, title and interest in said invention in the United States and  
foreign countries, including said United States patent application and all  
patent applications corresponding to said United States patent application  
filed in foreign countries, all Letters Patents issuing thereon in the United  
States and foreign countries, all divisional, continuation and  
continuation-in-part patent applications of said United States patent  
application or corresponding foreign patent applications, and all reissues,  
reexaminations, and extensions of Letters Patents issuing thereon; and

The right to file patent applications on said invention in Assignee's own  
name, wherever such right may be legally exercised, including the right to  
claim the benefits of the International Convention for such applications.

I (We) hereby authorize and request the United States Commissioner of Patents and  
Trademarks, and such officials in foreign countries as are duly authorized by their patent  
laws to issue patents, to issue any and all patents on said invention to the Assignee as the  
owner of the entire interest, for the sole use and behoof of the Assignee, its successors,  
assigns and legal representatives.

I (We) hereby agree, without further consideration and without expense to me (us), to sign all lawful papers and to perform all other lawful acts which the Assignee may request of me (us) to make this Assignment fully effective.

This assignment and agreement shall be binding upon my (our) heirs and legal representatives.
