SUBSTITUTE ASSIGNMENT

WHEREAS, Radiant Communications Corporation, a New Jersey corporation having a place of business at P. O. Box 867, 5001 Hadley Road, South Plainfield, New Jersey 07080, hereinafter generally referred to as "Assignor" is the owner by assignment of the invention(s) and patent application(s) listed in Schedule A annexed hereto and made a part hereof; and

WHEREAS, The Wiremold Company (d/b/a Interlink Cabling System), a Connecticut corporation having a place of business at 60 Woodlawn Street, West Hartford, CT 06110 hereinafter generally referred to as "Assignee" is desirous of acquiring the entire right, title and interest in and to the invention(s) and patent application(s) listed in Schedule A annexed hereto.

WHEREAS, on October 3, 2000 Assignor executed and delivered an Assignment to Assignee transferring the entire right, title and interest in and to the invention and patent application listed in Schedule A annexed hereto (the "Original Assignment");

WHEREAS, the Original Assignment, a copy of which is annexed hereto as Attachment A, inadvertently identified the Assignee as "Wiremold Interlink Cabling System";

WHEREAS, Wiremold Interlink Cabling System is a division of the Assignee and not a corporate entity; and

WHEREAS, the Assignor and Assignee wish to correct the error in the Original Assignment by executing this Substitute Assignment.

NOW, THEREFORE, in consideration of the sum of One Dollars (\$1.00) and other good and valuable executed consideration, the full receipt and sufficiency of all of which are hereby acknowledged and intending to be legally bound hereby, effective October 3, 2000, Assignor hereby agrees to sell, assign, transfer and convey and by these presents does sell, assign, transfer and convey unto the above-named Assignee, the whole and entire right, title and interest

in and to the invention described in the patent application(s) listed in Schedule A, for the territory of the United States and its possessions and territories and all foreign countries; and

in and to the patent application(s) identified in Schedule A and any and all related United States and foreign patent application(s) disclosing said invention, including provisionals, non-provisionals, divisions, and continuations thereof, along with all rights of priority created by the patent application(s) listed in Schedule A under any treaty relating thereto; and

in and to all United States and foreign patents which may be granted on any and all of patent application(s) listed in Schedule A, including extensions, reissues and re-examinations,

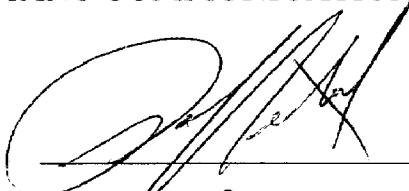

said invention, application(s) and patent(s) to be held and enjoyed by the above named Assignee, for Assignee's own use and benefit, and for Assignee's legal representatives and assigns through the full end of the term or terms for which said patent(s) may be granted, as fully and entirely as the same would have been held by the undersigned Assignors had this Assignment and sale not been made; and for the aforesaid consideration Assignor hereby covenants and agrees to execute all additional instruments and to do all things necessary for carrying out the purpose of this Assignment, at the expense of Assignee and its successors.

Assignor hereby authorizes the aforesaid Assignee and its successors to apply for a patent(s) directly in its own name, upon the inventions which form part of the patent application(s) listed in Schedule A directly in its own name, and wherever the same is permitted by law.

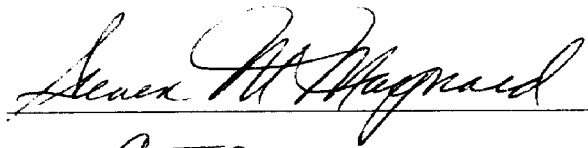

For the same consideration Assignor transfers and assigns to Assignee all claims for damages by reason of past infringement of the patent application(s) listed in Schedule A, with the right to sue for and collect the same for its own use and enjoyment and the use and enjoyment of its successors, assigns or other legal representatives.

IN WITNESS WHEREOF, Radiant Communications Corporation and The Wiremold Company have caused this Substitute Assignment to be signed in their corporate name by their duly authorized officers this 21st day of November, 2000.
