## PATENT ASSIGNMENT

WHEREAS, Heidelberg Web Systems, Inc., organized and existing under the laws of the State of Delaware, whose address is 121 Broadway, Dover, N.H. 03820-1289, (hereinafter the "ASSIGNOR"), is the owner of the entire right, title, and interest in United States Patent No. 4,974,824 and United States Patent No. 5,664,786 ("the patents"), and the inventions disclosed therein, and

WHEREAS Heidelberger Druckmaschinen AG, a corporation organized and existing under the laws of the Federal Republic of Germany, whose address is Patents and Trademarks, Kurfuersten-Anlage 52-60, 69115 Heidelberg, Germany (hereinafter the "ASSIGNEE"), is desirous of obtaining the entire right, title and interest in, to and under the patents and the inventions disclosed therein.

NOW, THEREFORE, in consideration of the sum of One Dollar, and other good and valuable consideration, the receipt of which is hereby acknowledged, the said ASSIGNOR has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest (including the right to sue infringers for past damages) in, to and under the patents, the inventions disclosed in the patents, all divisions, renewals, continuations and continuation-in-parts of the patent applications from which the patents issued, and all Patents of the United States which may be granted on the patent applications from which the patents issued and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which have been or may hereafter be filed for said inventions in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said patent applications under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;

ASSIGNOR authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue or transfer patents or other evidence or forms of industrial property protection on applications or patents as aforesaid, to issue or transfer the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.
