ASSIGNMENT OF APPLICATION

Attorney Docket Number	STAN-131
First Named Inventor	Briesewitz et al.
Application Number	N/A
Filing Date	Herewith
Group Art Unit	Unassigned
Examiner Name	Unassigned

WHEREAS the Howard Hughes Medical Institute, a Delaware Corporation, ("Assignor") was assigned the rights to an invention and patent application filed thereon entitled **Targeted Bifunctional Molecules and Therapies Based Thereon**, for which an application for a United States Patent is filed herewith, Stanford University docket number S99-059; and Howard Hughes Medical Institute reference number ____; and all continuation and division patent applications and Letters Patent that may issue thereon worldwide (the "Invention"); and

WHEREAS, Assignor has agreed to transfer to The Board of Trustees of Leland Stanford Junior University, a non-profit educational institution of the State of California ("Assignee") all of Assignor's interest in, to and under such patent application and all continuation and division applications and Letters Patent that may issue thereto (including foreign counterparts thereto); and

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee full and exclusive right, title and interest to the invention, Letters Patent that may issue thereon, and any continuation, division, extension, renewal, substitution, reissue, reexamined patent or foreign counterpart thereof for the full term or terms for which the same was granted.

Assignor hereby covenants that no assignment, sale or agreement transfer or encumbrance has been or will be made or entered into which would conflict with this assignment or sale.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said invention, said applications and said Letters Patent (including any continuation applications, divisional applications, foreign counterparts and patents issuing thereon), as may be known and accessible to Assignor and will testify regarding the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, and enforce rights in, to and under said invention, said application, and said Letters Patent which may be necessary or desirable, without further compensation, but at the expense of Assignee, its successors, assigns or other legal representatives.

EXECUTED this 9th day of November 2000

ASSIGNOR
Howard Hughes Medical Institute
