**ASSIGNMENT OF ACTIVE PATENTS, TRADEMARKS
AND PATENT AND DESIGN APPLICATIONS**

THIS ASSIGNMENT OF ACTIVE PATENTS, TRADEMARKS AND PATENT AND DESIGN APPLICATIONS ("Assignment") is made and entered into as of this 19th day of May, 1998 ("Effective Date"), by and between Storehorse, Inc., a Texas corporation ("Storehorse"), Kenrick J. DuRapau ("DuRapau," and together with Storehorse, "Assignors"), and LEHIGH CONSUMER PRODUCTS CORPORATION, a Pennsylvania corporation ("Assignee").

WHEREAS, DuRapau has heretofore assigned (the "Previous Assignments") his entire right, title and interest in certain United States registered trademarks (the "Trademarks"), United States patents and Canadian patents (collectively, the "Patents"), a patent application for a United States patent and an application for a Canadian industrial design (the "Patent and Design Applications");

WHEREAS, Storehorse and Assignee are parties to that certain Asset Purchase Agreement, dated as of the date hereof (the "Agreement"), pursuant to which Storehorse has agreed to assign its entire right, title and interest in the Trademarks, Patents and Patent and Design Applications; and

WHEREAS, Storehorse, pursuant to the Previous Assignments, is the sole and exclusive owner of the entire right, title and interest in, to and under the Trademarks, the Patents and the Patent and Design Applications identified and set forth on Schedules A, B and C, respectively.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and intending to be legally bound, Assignors do hereby sell, assign, transfer and set over to Assignee the entire right, title and interest in and to the Trademarks, the Patents and the Patent and Design Applications, including any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions, and including the subject matter of all claims which may be obtained therefrom for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignors if this Assignment and sale had not been made, together with all income, royalties, damages or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, the Patents and the Patent and Design Applications, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives.

Assignors authorize and request the United States Commissioner of Patents and Trademarks and the Canadian Intellectual Property Office, as applicable, to record Assignee

as the owner of the Trademarks, the Patents and the Patent and Design Applications, including any continuations, divisions, continuations-in-part, reissues, reexaminations or extensions thereof, and to issue any and all letters patent of the United States or Canada thereon to Assignee, under the same, for the use and enjoyment of Assignee and its successors, assigns or other legal representatives.

Assignors hereby agree to provide Assignee, and its successors, assigns or other legal representatives, cooperation and assistance (including the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documentation) as may be reasonably required: (1) in the preparation and prosecution of any applications covering the inventions assigned herein; (2) in the prosecution or defense of any interference, opposition, reexamination, reissue, infringement or other proceedings that may arise in connection with any of the patent rights assigned herein, including, but not limited to, testifying as to any facts relating to the patent rights assigned herein and this Assignment; and (3) in the implementation or perfection of this Assignment.
