PATENT APPLICATION

ASSIGNMENT

WHEREAS, we, Thomas J. Clement, Edward I. Wulfman and Craig E. Lawson, have invented the subject matter which is described and claimed in the patent application entitled INTRALUMENAL MATERIAL REMOVAL USING AN EXPANDABLE CUTTING DEVICE, the specification of which was filed with the Patent and Trademark Office on November 28, 2000 under Serial No. 09/724,914 and is identified as Attorney Docket No. 89000.3002U of the law firm SPECKMAN LAW GROUP; and

WHEREAS, Pathway Medical Technologies, Inc., a Washington corporation, having a place of business at 14907 N.E. 95th Street, Redmond, Washington 98052, is desirous of acquiring an interest therein;

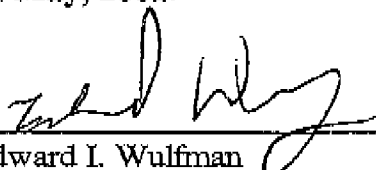

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, Thomas J. Clement, Edward I. Wulfman and Craig E. Lawson, hereby sell, assign and transfer to Pathway Medical Technologies, Inc. the full and exclusive right, title and interest in and to said subject matter, patent application, and patent rights throughout the world, including foreign patent priority rights; said subject matter, application and patents in this or any foreign country and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by Pathway Medical Technologies, Inc., for their own use and benefit, and for their successors and assigns to the full end of the term for which patents may be granted in this or any foreign country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right to do so, and agree that we will communicate to Pathway Medical Technologies, Inc., or their respective successors and assigns, any facts known to us respecting said patent application and the subject matter described therein, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible

to aid Pathway Medical Technologies, Inc., and their respective successors and assigns to obtain and enforce proper patent protection for said subject matter in this or any foreign country.
