ASSIGNMENT

WHEREAS, We Graylon K. Williams of 30704 Lund Court, Warren, MI 48093, and Sean P. Burns of 5640 Bella Villa Drive, Almont, MI 48003, hereinafter referred to as (the) Assignors, have invented:

GAS GENERANTS CONTAINING SILICONE FUELS

for which an application for United States Letters Patent was executed on Nov. 17 + 22, 2000, (and We hereby authorize our attorneys, authorized to prosecute said application, to here insert the filing date and serial number of said application, as soon as it is known, Serial No. 09/664,130, filed 9-18-00), and

WHEREAS, Automotive Systems Laboratory, Inc., a Michigan corporation, having a place of business at 27200 Haggerty Road, Suite B-12, Farmington Hills, MI 48331, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title and interest in, to and under the said invention and the said application;

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt whereof is hereby acknowledged, Assignors by these presents do sell, assign and transfer unto said Assignee, and its successors in interest, legal representatives and assigns, the full and exclusive right, title and interest in, to and under the said invention as described in the specification preparatory to obtaining Letters Patent of the United States of America therefor, and the said application and all divisions, renewals, and continuations thereof, and all Letters Patent therefor, to be held and enjoyed by Assignee, to the full end of the term for which said Letters Patent are granted and any extensions and reissues thereof, and all applications for Letters Patent which may hereafter be filed for said invention in any country or countries foreign to the United States, and all Letters Patent which may be granted for said invention in any country or countries foreign to the United States, and all extensions, renewals and reissues thereof and all rights of priority in any such country or countries based upon the filing of said application for Letters Patent of the United States which are created by any law, treaty or international convention, as fully and entirely as the same would have been held by me had this assignment and sale not been made; and

We hereby request the Commissioner of Patents and Trademarks of the United States of America, and any official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all letters Patent to the Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

And, the Assignors hereby covenants and agrees to execute all instruments or documents required or requested for the making and prosecution for Letters Patent of the United States of America and all foreign countries on, for litigation regarding, or for the purpose of protecting title to the said inventions or any Letters Patent therefor for the benefit of the Assignee, it's successors, legal representatives and assigns, without further or other compensation than that set forth hereinabove;

And, the Assignors hereby covenants that We have free right to convey the entire interest herein assigned, and that I have not executed, and will not execute any agreement We conflict herewith.
