**ASSIGNMENT**

WHEREAS, I, David R. Battiste of Bartlesville, Oklahoma, have made a certain invention entitled:

**IMPROVED MONITORING AND CONTROL OF  
SLURRY PROCESSES FOR POLYMERIZING OLEFINS**

which is described and claimed in that application for Letters Patent of the United States having Serial No. 09/705,315, filed on November 3, 2000,

and WHEREAS, Chevron Phillips Chemical Company LP, a Delaware limited partnership, is desirous of acquiring an interest in said invention,

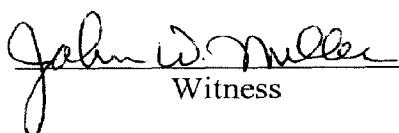

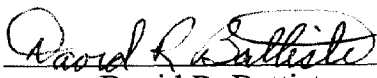

NOW, THEREFORE, in consideration of one dollar, receipt of which is hereby acknowledged, and other good and valuable consideration, I, by these presents do sell, assign, and transfer unto Chevron Phillips Chemical Company LP the full and exclusive right, for the territory of the United States of America and for all foreign countries, in and to the said invention, as described in said application executed on December 21, 2000, preparatory to obtaining Letters Patent of the United States therefor; said invention, application and Letters Patent to be held and enjoyed by the said Chevron Phillips Chemical Company LP, for its own use and behalf, and for its legal representatives, to the full end of the term for which said patent or patents may be granted as fully and entirely as the same would have been held by me had this assignment and sale not been made.

AND I do further agree to sign all papers, make all rightful oaths and do all requisite acts for the filing of any disclaimer or for the filing and assignment of any divisional, continuing, reissue or foreign application or applications based on the present application.

AND I do further agree to communicate to Chevron Phillips Chemical Company LP, its successors, assigns or other legal representatives, such facts relating to said invention as may be known to me, and to testify as to such facts in any prosecution, interference or litigation.

Executed by the undersigned on the date indicated.
